ABOUT US

Alpina Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**” or “**Alpina**”) is an established Singapore-based contractor specialising in providing integrated building services (“**IBS**”), mechanical and electrical (“**M&E**”) engineering services, and alteration and addition (“**A&A**”) works to public and private sector projects, with a long operating history of over 20 years. Our projects are mainly public sector projects, being projects in which the Singapore Government or a public university in Singapore is the project owner.

We hold 16 Workhead registrations, one (1) facilities management licence and two (2) builder licences with the Building and Construction Authority (“**BCA**”). These include the highest grading of L6 for our registration under the ME15 (Integrated Building Services) and ME05 (Electrical Engineering) Workheads, which allow us to undertake projects in the public sector with no tendering limits and no project value limits under the respective Workheads.

CORPORATE MILESTONES

2003

Digo Corporation Pte. Ltd. ("**Digo Corporation**") was incorporated to undertake M&E engineering projects in Singapore.

2007

Digo Corporation undertook its first M&E engineering project as a main contractor for a Singapore statutory board.

Kontourz Pte. Ltd. ("**Kontourz**") was incorporated to undertake M&E engineering projects of a smaller scale in Singapore.

2014

Digo Corporation undertook its first major IBS project under the ME15 (Integrated Building Services) Workhead as a main contractor for a Singapore statutory body with a contract sum of approximately S\$4.9 million.

2016 to 2019

Digo Corporation was successfully awarded various zones of contracts for integrated maintenance services for M&E systems from the same statutory board in Singapore with an aggregate contract value of approximately S\$27.0 million.

2016

Digo Corporation was awarded its first integrated facilities management ("**IFM**") contract from an education institution covering the maintenance for both building facilities and M&E systems.

2015

Digo Corporation obtained the ME15 (Integrated Building Services) Workhead – Grade L6 registration, which enabled it to tender directly for IBS projects from government or statutory bodies with no tendering limit and no project value limit.

2017

Digo Building Construction Pte. Ltd. ("**Digo Building**") was incorporated to undertake A&A works.

2019

Digo Corporation contracted a project for A&A works as a subcontractor with a contract sum of approximately S\$38.6 million.

Digo Corporation secured three (3) contracts arising from a single tender for integrated maintenance services for M&E systems from a Singapore ministry with an aggregate contract value of approximately S\$36.0 million.

2020

Digo Corporation obtained registration of the FM01 (Facilities Management) Workhead – Grade M3, which enabled it to tender directly for IFM projects, from government or statutory bodies, of up to S\$10.0 million.

Digo Corporation secured three (3) contracts for M&E system upgrading in three (3) batches from a statutory board in Singapore with an aggregate contract value of approximately S\$15.8 million.

2023

Digo Corporation secured a forty-eight months term contract from a Ministry of the Singapore Government with a provisional contract sum of approximately S\$39.6 million for the provision of mechanical and electrical systems maintenance and additions and alteration works.

Alpina Energy Pte. Ltd. secured two (2) contracts with a total provisional contract sum of approximately S\$117.2 million to undertake the design, installation, construction, testing and commissioning of solar photovoltaic systems.

The Company entered into a sale and purchase agreement with Dacai Pte Ltd and Mr. Dong Cai in relation to the proposed acquisition of the entire issued and paid-up share capital of Wan Dormitory Pte. Ltd. ("**Acquisition**"). The Acquisition was completed on 19 March 2024.

2022

The Company was listed on the SGX Catalist Board on 28 January 2022.

Digo Corporation and Terrenus Energy Pte Ltd ("**Terrenus Energy**") were jointly awarded the sixth solar leasing tender with a solar capacity of 70 megawatt-peak, by the Housing & Development Board.

Digo Corporation obtained the Certified Facilities Management Company certification from the Singapore International Facility Management Association.

OUR BUSINESSES

IBS

Our IBS contracts generally have a specified contract period ranging from one (1) to four (4) years, and in certain instances, up to six (6) years. During the contract period, our Group is required to perform a mixture of works in respect of different building systems at a specified building or at various premises. Our IBS contracts mainly encompass maintenance services (including scheduled maintenance and breakdown maintenance) on the building systems and ancillary A&A works.

For scheduled maintenance, our scope of work is generally to carry out maintenance at predetermined intervals or corresponding to prescribed criteria and intended to reduce the probability of failure or performance degradation of a system or item. This includes routine or scheduled servicing works, restoration of system, telephone and remote supports, consumables, inspection, adjustment, lubrication of the parts and equipment, fine tuning of systems, troubleshooting, updating of data, rectification, replacement and repair.

For breakdown maintenance, our scope of work generally includes urgent and ad-hoc repairs, including the replacement of spares and repairs of systems when such systems break down and restoring them to a satisfactory operating condition. It includes but is not limited to the provision of emergency maintenance and repairs, which if left unexecuted can cause injury to occupants or the loss of use of the systems or cause the systems to be made inoperative. To enable this, we have to ensure the provision and management of an efficient inventory system in which sufficient stock of essential spares, consumable items and materials for repair and replacement are kept.

For ancillary A&A works, our scope of work generally includes extension, alterations, conversion and upgrading of existing building systems as well as other minor repair and improvement works. Pursuant to our contracts, our ancillary A&A works are generally carried out upon our customers confirming the work orders.

For the majority of our projects, our services may cover more than one building system, such as:

- (a) **Electrical systems.** This mainly includes lightning protection systems, generator, transformer, internal and external power supply and distribution systems, internal and external light fittings, urgent power supply systems and fire protection and alarm systems, switchboard, distribution board, lighting systems, lightning protection systems, urgent power supply systems, bus-ducts (bus-bar trunking system), standby generators, wall and ceiling fans.
- (b) **Mechanical systems.** This mainly includes air-conditioning systems (such as air cooled split systems, high volume low speed (HVLS) fans, variable refrigerant volume (VRV)/ variable refrigerant flow (VRF) systems, water cooled package systems and water/air cooled chiller systems), mechanical ventilation systems, plumbing and sanitary systems, extraction systems, water tanks and pumping systems, automatic gates and doors systems, motorised roller blind system, and car park/staircase exhaust system.
- (c) **Domestic systems.** This mainly includes central antenna television systems, solar heater, cooler, hot and cold-water disperser and town gas and liquefied petroleum gas system.
- (d) **Specialist systems.** This mainly includes transportation systems (such as all types of lifts), communication systems (such as public address (PA) system), security system (such as burglar alarms, card access system), programmable logic controller (PLC) system, building automated system (BAS), building management system (BMS), maintenance management system (MMS), fire hydrant pumping system, fire sprinkler system, smoke control system wet chemical suppression system, people counting system, sound reinforcement system, and fire protection installations for fire alarm systems.

M&E Engineering

Our M&E engineering services include the installation, replacement, and upgrading of the M&E systems, including switchboards, distribution boards, light fittings, lightning protection systems, air-conditioning and mechanical ventilation (ACMV) systems, pump systems, fire protection systems and solar panel installation. These services are usually provided for a specific project with a lump sum contract price and not based on a fixed term.

A&A Works

The A&A works undertaken by us are for term contracts with a fixed contract period ranging from two (2) to four (4) years. The work scope may cover building works, civil works and M&E works, which are carried out according to work orders issued from time to time during the contract period.

Our building works generally include retrofitting existing spaces into buildings or facilities owned by the customer, renovation, improvement and upgrading of buildings and interior design works, the extension and construction of buildings and structures such as shelters and general repairs and redecoration works.

Our civil works generally include demolition, upgrading works of existing facilities, drainage, road and pavement improvement works within the customer's property, repairing roof leaks and water damage, excavation works and earthworks.

Our M&E works generally include installation, replacement or upgrading of M&E systems such as electrical system, ACMV system, fire protection system, communication system and security system.

JOINT MESSAGE FROM OUR EXECUTIVE CHAIRMAN AND CEO AND OUR EXECUTIVE DIRECTOR

Dear Shareholders,

On behalf of the board of directors (the “**Board**”) of Alpina Holdings Limited (“**Alpina**”, the “**Company**”, and together with its subsidiaries, the “**Group**”), we would like to present to you our annual report for the financial year ended 31 December 2023 (“**FY2023**”).

Looking back on the past year, the Group has had its fair share of short-term volatility and progress, resulting in a set of mixed results recorded by the Group for FY2023.

Since the re-opening of the economy, there has been a surge in demand for skilled labour amongst sectors affected by the COVID-19 pandemic. Consequently, our operating environment experienced a sustained increase in labour and subcontracting costs over the past few years.

In order to fulfil our project commitments on a timely basis, particularly for contracts secured before the COVID-19 pandemic, the Group had to engage additional manpower and subcontractors to complete such contracts.

Whilst the Group’s revenue increased by 28.6% to S\$64.2 million in FY2023, with revenue growth recorded for all of our three business segments, our financial performance in FY2023 was impacted by higher labour and subcontracting costs. Please refer to the “Operations & Financial Review” section of this annual report for further details.

One of the highlights in FY2023 was the Group’s order book which was boosted by the 21 new contracts with an aggregate provisional contract value of approximately S\$251.1 million. The significant increase in our order book provides us with better earnings visibility in the short-term, bolstering our confidence in the Group’s growth trajectory and financial stability.

Another highlight of the Group in FY2023 was the entering into of the sale and purchase agreement for the proposed acquisition of the entire issued and paid-up share capital of Wan Dormitory Pte. Ltd. (“**Acquisition**”), which owns a property comprising, amongst others, a dormitory located at Woodlands Industrial Park. With the shortage of dormitories in Singapore, the Group has faced challenges in expanding

JOINT MESSAGE FROM OUR EXECUTIVE CHAIRMAN AND CEO AND OUR EXECUTIVE DIRECTOR

our foreign labour workforce due to the lack of available dormitories. As such, the Group is pursuing the acquisition of a dormitory not only as an investment opportunity but also to secure additional living space for our own employees, and to better manage our costs and to expand our business. We are very pleased that the Acquisition has been completed on 19 March 2024.

The Group's projects are all located in Singapore with predominantly public sector customers such as government ministries, statutory boards and public education institutions, and we aim to expand the scale of our existing business by strengthening our manpower and equipment resources to take on more higher value projects.

Alpina's established track record in public sector projects is testament to our reputation and strong capabilities in our core industry domains. According to the Building and Construction Authority ("BCA"), total construction demand in Singapore is projected to be between S\$32 billion and S\$38 billion in 2024, with the public sector expected to drive total construction demand of between S\$18 billion and S\$21 billion. In addition, BCA expects a steady improvement in construction demand over the medium term, reaching between S\$31 billion and S\$38 billion per year from 2025 to 2028.¹

With positive industry prospects within Singapore's construction sector, we will continue to embrace an entrepreneurial spirit to target growth opportunities in the public and private sector.

Expand and Deepen our Value Chain Offerings with "Green" Growth Drivers

In line with Singapore's commitment to green economic growth and smart city initiatives, Alpina has been accelerating our efforts to expand our presence and build up our capabilities in these areas over the past few years, particularly in solar energy and energy efficiency technologies.

With the joint award of the sixth solar leasing tender (with a solar capacity of 70 megawatt-peak) under the SolarNova Programme, a Whole-Of-Government effort led by the Singapore Economic Development Board and the Housing & Development Board, to our wholly owned subsidiary, Digo Corporation, and Terrenus Energy, we will be looking at the sale of solar energy generated from our solar photovoltaic panels to users when our solar photovoltaic system becomes operational. At the same time, carbon credits can also be generated from such operations.

Additionally, the Group had in July 2023 announced that it was awarded two contracts to undertake the design, installation, construction, testing and commissioning of the solar photovoltaic systems with a total provisional contract sum of approximately S\$117.2 million. Both contracts are expected to be completed by December 2024.

As solar energy adoption gains pace in Singapore, it is expected that more maintenance and upgrading works will be required, and we believe that our accumulated technical know-how and track record in this area will position us well to take advantage of such future opportunities.

Furthermore, we see a growing trend of zero-energy and energy-plus buildings in Singapore that adopt energy efficiency technologies, recycled materials and low-carbon innovations. Supported by our strong technical expertise as an integrated facilities management specialist, we aim to harness new opportunities in this area by enabling building owners to manage their large-scale property assets on a sustainable and cost-effective basis.

At Alpina, we are committed to our work and the positive impact we bring to our customers and communities will continue to underpin the Group's performance and growth in the future.

As the Group embarks on another year, on behalf of the Board, we wish to take this opportunity to thank our customers, bankers and business partners for their ongoing support and confidence. We also extend our appreciation to the management and staff of the Group who are instrumental in driving our business and operations.

Finally, we would like to express our gratitude to you, our valued shareholders, for your continued trust and belief in us.

Together, we will continue to strive to build a more competitive and resilient Alpina, delivering sustainable value to our stakeholders.

Thank you!

REVENUE

The Group's revenue increased by S\$14.3 million or 28.6% from S\$49.9 million in FY2022 to S\$64.2 million in FY2023.

The increase in revenue in FY2023 as compared to FY2022 was mainly due to an increase in revenue from (i) the A&A business segment as one of its projects was substantially completed in FY2023, (ii) the M&E business segment due to the commencement of several projects during FY2023, and (iii) the IBS business segment following the completion of more projects during FY2023.

GROSS PROFIT

The Group's gross profit decreased by S\$2.4 million or 34.2% from S\$6.9 million in FY2022 to S\$4.5 million in FY2023. The overall gross profit margin of the Group was lower in FY2023 as compared to FY2022.

For the IBS business segment, the decrease in gross profits and gross profit margin was mainly due to higher labour costs incurred during FY2023, particularly for projects secured prior to the COVID-19 pandemic.

For the M&E business segment, the increase in gross profits and gross profit margin was mainly due to the higher gross profits and gross profit margin for certain projects which commenced during FY2023.

For the A&A business segment, the Group recorded gross losses in FY2023 mainly due to increased subcontracting costs and requirement for additional manpower to meet project deadlines, particularly for projects secured prior to the COVID-19 pandemic.

OTHER INCOME

The Group's other income increased by S\$0.2 million or 22.6% from S\$1.2 million in FY2022 to S\$1.4 million in FY2023. The increase was mainly due to a gain on disposal of property, plant and equipment and administrative charge to a subcontractor.

DISTRIBUTION COSTS

The Group's distribution costs increased by S\$31,000 or 96.9% from S\$32,000 in FY2022 to S\$63,000 in FY2023. The increase was mainly due to an increase in entertainment expenses.

ADMINISTRATIVE EXPENSES

The Group's administrative expenses increased by S\$0.2 million or 4.7% from S\$4.9 million in FY2022 to S\$5.1 million in FY2023. The increase was mainly attributable to the professional fees incurred in relation to the proposed acquisition of entire issued and paid-up capital of Wan Dormitory Pte. Ltd..

OPERATIONS & FINANCIAL REVIEW

LOSS ALLOWANCE ON FINANCIAL ASSETS AND CONTRACT ASSETS

The Group's loss allowance on financial assets and contract assets decreased by S\$0.3 million or 98.6% from S\$0.3 million in FY2022 to S\$4,000 in FY2023. The decrease was mainly attributable to more timely repayment by customers.

FINANCE COSTS

The Group's finance costs increased by S\$0.3 million or 118.7% from S\$0.3 million in FY2022 to S\$0.6 million in FY2023. The increase was mainly due to increased utilisation of trade facilities and higher interest incurred on bank borrowings.

(LOSS)/PROFIT FOR THE FINANCIAL YEAR

As a result of the above, the Group recorded a loss for the financial year of S\$0.2 million in FY2023 as compared to a profit for the financial year of S\$2.0 million in FY2022.

REVIEW OF FINANCIAL POSITION

	FY2023	FY2022	Change
	S\$'000	S\$'000	%
Current assets	53,975	36,990	45.9
Non-current assets	10,744	10,289	4.4
Current liabilities	32,893	14,400	128.4
Non-current liabilities	4,191	4,844	(13.5)
Total equity	27,635	28,035	(1.42)

The Group's net asset value attributable to owners of the Company decreased from S\$28.0 million as at 31 December 2022 to S\$27.6 million as at 31 December 2023, mainly due to a decrease in accumulated profits.

The Group's current assets increased by S\$17.0 million or 45.9%, from S\$37.0 million as at 31 December 2022 to S\$54.0 million as at 31 December 2023, mainly due to an increase in (i) trade and other receivables primarily as a result of advance payments made to subcontractors; and (ii) contract assets due to work performed for customers during FY2023 which has not been billed as the completed works are pending receipt of architects' certification. These increases were partially offset by a decrease in cash and bank balances.

The Group's non-current assets increased by S\$0.4 million or 4.4%, from S\$10.3 million as at 31 December 2022 to S\$10.7 million as at 31 December 2023, mainly due to the acquisition of motor vehicles during FY2023, partially offset by depreciation charges on property, plant and equipment.

The Group's current liabilities increased by S\$18.5 million or 128.4%, from S\$14.4 million as at 31 December 2022 to S\$32.9 million as at 31 December 2023, mainly due to an increase in trade and other payables attributable to an increase in purchases from subcontractors and an increase in current bank borrowings for working capital purposes.

The Group's non-current liabilities decreased by S\$0.6 million or 13.5%, from S\$4.8 million as at 31 December 2022 to S\$4.2 million as at 31 December 2023, mainly due to a decrease in bank borrowings as a result of reclassification from non-current to current.

REVIEW OF CASH FLOWS

	FY2023
	S\$'000
Cash and cash equivalents at beginning of year	11,658
Net cash used in operating activities	(12,203)
Net cash used in investing activities	(127)
Net cash generated from financing activities	7,723
Cash and cash equivalents at the end of the year	7,051

The Group reported a net decrease in cash and cash equivalents mainly due to net cash used in operating activities and investing activities, partially offset by net cash generated from financing activities.

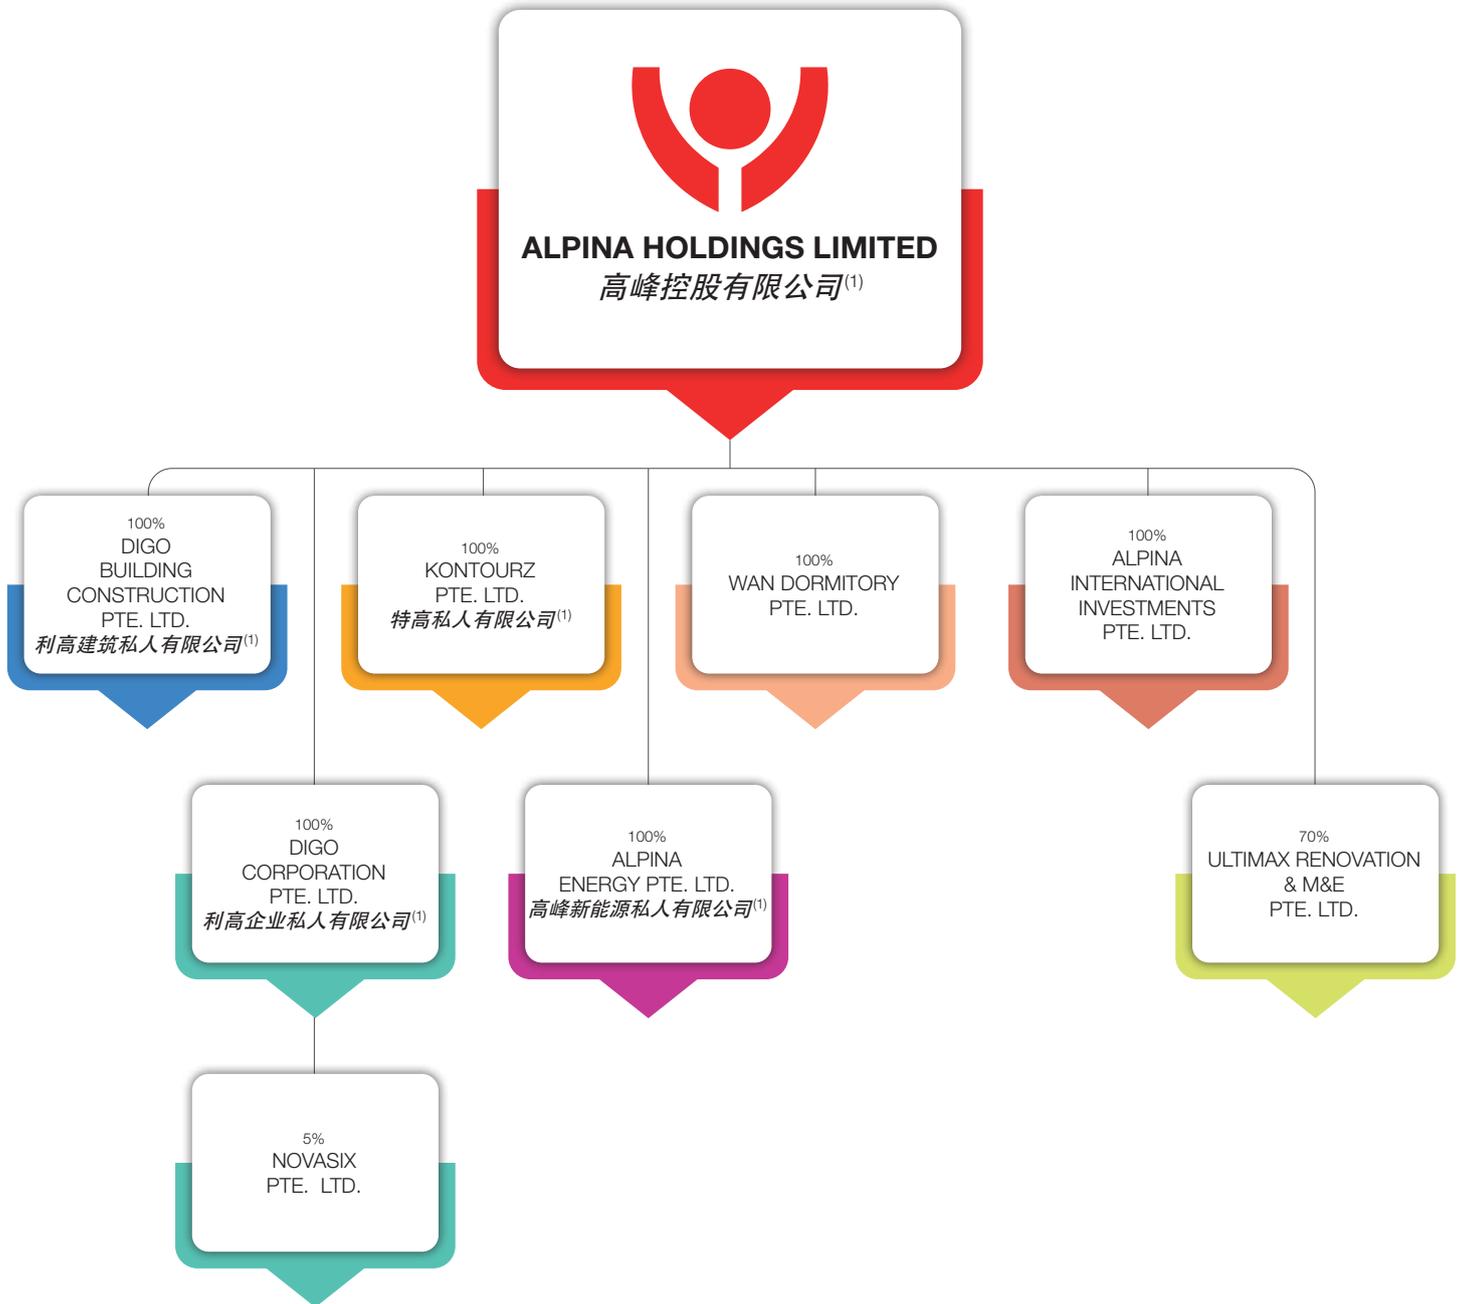

The Group's net cash used in operating activities in FY2023 was mainly due to an increase in trade and other receivables and movement in contract assets, partially offset by operating profit and an increase in trade payables.

The Group's net cash used in investing activities was mainly due to the acquisition of property, plant and equipment.

The Group's net cash generated from financing activities was mainly due to a net increase in bank borrowings, which were partially offset by payment of dividends and interest.

As a result of the above, there was a net decrease of S\$4.6 million in cash and cash equivalents from a net cash balance of S\$11.7 million as at 31 December 2022 to S\$7.1 million as at 31 December 2023.

CORPORATE SOCIAL RESPONSIBILITY

We view corporate social responsibility as our responsibility and we recognise that we have an obligation towards our employees, investors, customers, suppliers and the community as a whole. We believe that our reputation, together with the trust and confidence of those whom we deal with, is one of our most valuable assets. We seek to maintain our reputation and such trust and confidence, and are committed to achieving long-term mutually sustainable relationships with our stakeholders.

Our Group is committed to implementing strategies to reduce our Group's carbon footprint by commencing the usage of electric motor vehicles and also the usage of LED lighting and smart lighting products in our operations mainly due to their energy efficiencies as compared to compact fluorescent lamps.

CORPORATE GOVERNANCE REPORT

The board of directors (“**Board**” or “**Directors**”) of Alpina Holdings Limited (“**Company**” and together with its subsidiaries, “**Group**”) strongly support the principles of transparency, accountability and integrity as set out in the Code of Corporate Governance 2018 (the “**Code**”). Pursuant to Rule 710 of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”), this report (“**Report**”) describes the Company’s corporate governance policies and practices that were adopted for the financial year ended 31 December 2023 (“**FY2023**”), with specific reference to the principles and provisions of the Code and the accompanying practice guidance.

The Code aims to promote high levels of corporate governance by putting forth principles of good corporate governance and provisions with which companies are expected to comply. The practice guidance complements the Code by providing guidance on the application of the principles and provisions and setting out best practices for companies.

The Board confirms that for FY2023, the Company and the Group have complied with the principles as set out in the Code and where there are deviations from the provisions of the Code, explanations for the deviation and how the Group’s practices are consistent with the intent of the relevant principle are provided in the sections below.

BOARD MATTERS

THE BOARD’S CONDUCT OF AFFAIRS

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with management for the long-term success of the Company.

As at the date of this Report, the Board comprises the following Directors:

Name	Designation
Mr. Low Siong Yong	Executive Chairman and Chief Executive Officer (“ CEO ”)
Mr. Tai Yoon On	Executive Director
Mr. Ong Beng Chye	Lead Independent Director
Mr. Own Seak Chin @ Woon Seak Chin (“ Mr. Marcus Woon ”)	Independent Director
Mr. Chan Jer Hiang	Independent Director

Directors are fiduciaries who act objectively in the best interests of the Company

The Board oversees the Group’s overall policies, strategies, key operational initiatives, performance and measurement, internal controls and risk management to protect and enhance long-term shareholders’ value. Board members act in good faith and exercise independent judgement in the best interests of the Group. Directors discharge their duties and responsibilities at all times, in compliance with applicable laws, and act objectively in the interest of the Company. The primary functions of the Board, apart from its statutory duties, include:

- Overseeing the overall management and business affairs of the Group;
- Formulating the Group’s strategies, focusing on value creation and innovation and considering sustainability issues;
- Ensuring that the necessary resources are in place for the Group to meet its strategic objectives;
- Setting financial objectives and monitoring the Group’s financial performance and management’s performance;

CORPORATE GOVERNANCE REPORT

- Reviewing and approving the Group’s business plan, including annual budgets and major funding proposals;
- Overseeing the evaluation of the adequacy and effectiveness of financial reporting, internal controls and risk management framework;
- Setting the Group’s approach to corporate governance, including the establishment of ethical values and standards;
- Monitoring the Company’s risk of becoming subject to, or violating, any laws and ensuring that disclosures to the SGX-ST and other relevant authorities are made accurately and in a timely manner; and
- Balancing the demands of the business with those of the Company’s stakeholders and ensuring obligations to material stakeholder groups (including shareholders of the Company (“**Shareholders**”)) are met.

A Director is required to promptly disclose any actual, potential and perceived conflicts of interest and must recuse himself/herself from discussions and decisions involving the matter, unless his/her presence and participation is necessary to enhance the efficacy of such discussion. Nevertheless, he/she shall abstain from voting on resolutions in relation to the conflict-related matters. Such compliance will be recorded in the minutes of Board meetings or the Board resolutions.

Directors’ duties, induction, training and development

All Directors are aware of their fiduciary duties and are committed to exercising due care and diligence in making their decisions and to objectively discharging their duties and responsibilities in the best interests of the Company. Aside from their statutory duties, the key roles of different classes of Directors are set out below:

- Executive Directors are members of the management who are involved in the day-to-day running of the Group’s business operations. They work closely with the Independent Directors on the long-term sustainability and success of the Group. They provide insights and recommendations on the Group’s operations at the Board and Board Committee meetings.
- Independent Directors do not participate in the Group’s business operations and are deemed independent by the Board. They provide independent and objective advice and insights to the Board and the management. They constructively challenge the management on its decisions and contribute to the development of the Group’s strategic goals and policies. They participate in the review of the management’s performance in achieving the strategic goals as well as the appointment, assessment and remuneration of the Executive Directors and key management personnel.

The Executive Directors are appointed by way of service agreements or employment contracts while the Independent Directors are appointed by way of letters of appointment. The duties and responsibilities of Directors are clearly set out in these service agreements or employment contracts and letters of appointment.

New Directors are briefed on the Group’s industry, business, organisation structure, and strategic plans and objectives. They are also provided with the Company’s constitution (“**Constitution**”), terms of reference of the Board Committees, and the relevant policies and procedural guidelines. The orientation for new Directors includes visits to the Group’s key premises to familiarise them with the Group’s operations. New Directors who have no prior experience as director of a listed company shall undergo training in the roles and responsibilities of a director of a listed issuer as prescribed by the SGX-ST, and pursuant to Rule 406(3)(a) of the Catalist Rules. Such training expenses will be borne by the Company.

CORPORATE GOVERNANCE REPORT

All of the Directors have either current and/or prior experience as a director of public listed companies in Singapore, or been briefed by the legal adviser to the Company pursuant to the Company's listing on the Catalist Board of the SGX-ST (the "**Listing**") on the roles and responsibilities of a director of a public listed company in Singapore and attended the mandatory training prescribed under the Catalist Rules, including training on sustainability matters.

When there are changes in laws and regulations, including the Companies Act 1967 of Singapore ("**Companies Act**"), the Catalist Rules and the Code which are relevant to the Group, the Directors are updated at Board meetings and/or via email in a timely manner. The external auditors regularly update the Audit Committee ("**AC**") and the Board on the developments in the Singapore Financial Reporting Standards (International) which are applicable to the Group. Changes to regulations and accounting standards are monitored closely by the management. In addition, the management regularly updates and familiarises the Directors on the business activities of the Group during the Board and Board Committee meetings.

The Nominating Committee ("**NC**") evaluates the individual Directors' competencies and recommends to the Board training and development programmes for each Director. The Directors are also encouraged to attend relevant seminars and training programmes to enhance their skills and knowledge. Directors' expenses in attending training programmes that are relevant to the Group and the Directors' ability to contribute effectively and meaningfully to the Group will be borne by the Company.

Matters requiring Board approval

Although the day-to-day management of the Company is delegated to the Executive Directors, certain matters are required to be decided by the Board as a whole.

The Group has in place an internal guide on matters that require the Board's approval and these matters principally include:

- Changes to the Group's capital structure and corporate structure;
- Material investments, acquisitions and disposals of assets;
- Material operating and capital expenditures;
- Interested person transactions;
- Significant policies and strategic plans of the Group;
- Recommendations/declarations of dividends;
- Financial statements (interim and full year), annual reports, circulars to Shareholders and SGXNet announcements; and
- Appointments and removals of Directors, company secretaries and key management personnel of the Company.

In addition, the Board also monitors the overall performance of the Group. The above list is non-exhaustive and the Group's entry into material transactions or transactions falling outside the ordinary course of the Group's business are generally subject to the Board's approval. The Board's approval and Group's conduct of matters falling within the responsibilities or purview of certain Board Committees may, depending on their materiality, be additionally subject to review and recommendations by the respective Board Committees. Matters which the Board considers suitable for delegation to a Board Committee are contained in the terms of reference of the respective Board Committees.

CORPORATE GOVERNANCE REPORT

Board Committees

Board Committees, namely the AC, the NC and the Remuneration Committee (“**RC**”) have been established to assist the Board. Each Board Committee has its own terms of reference, setting out its composition, authorities and duties as approved by the Board. All Board Committees are chaired by an Independent Director. While these Board Committees are delegated certain responsibilities, the responsibility for decisions relating to matters under the purview of the Board Committees ultimately lies with the Board.

A description of terms of reference of the respective Board Committees, which are reviewed by the Board on a regular basis, as well as other relevant information on the Board Committees can be found in the subsequent sections of this Report.

Composition of Board Committees

Name of Director	AC	NC	RC
Ong Beng Chye	Member	Chairman	Member
Marcus Woon	Chairman	Member	Member
Chan Jer Hiang	Member	Member	Chairman

Each of the AC, NC and RC comprise three (3) members, all of whom (including each committee’s Chairman) are independent.

Profiles of the Directors are set out in the section entitled “Board of Directors” of this annual report.

Attendance and participation in Board and Board Committee meetings

The Board meets at least twice a year to review and approve, *inter alia*, the half year and full year results of the Group. The Board and Board Committee meetings and annual general meetings (“**AGMs**”) are scheduled in advance to facilitate the Directors’ attendance. Ad-hoc meetings will be convened when the Board’s guidance or approval is required, outside of the scheduled Board meetings.

The Constitution provides that where a Director is unable to attend a Board meeting in person, he/she can participate in the meeting via telephone conference or other methods of simultaneous communication by electronic or telegraphic means. Approvals, decisions and recommendations of the Board and Board Committees may also be given by way of written resolutions.

The attendance of the Directors at scheduled Board Committee and Board meetings held during FY2023 are set out below:

Directors	Board		AC		NC		RC	
	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended
Low Siong Yong	2	2	2	2*	1	1*	1	1*
Tai Yoon On	2	2	2	2*	1	1*	1	1*
Ong Beng Chye	2	2	2	2	1	1	1	1
Marcus Woon	2	2	2	2	1	1	1	1
Chan Jer Hiang	2	2	2	2	1	1	1	1

* While not a member of the Board Committee, this Director has attended the meeting as an invitee.

CORPORATE GOVERNANCE REPORT

In addition, all Directors attended the AGM held on 27 April 2023.

All Directors are required to declare their board representations in other companies. When a Director has multiple board representations, the NC also considers whether the Director is able to and has adequately carried out his duties as a Director, taking into consideration the number of listed company board representations and other principal commitments of the Director. Given their full attendance at all Board and Board Committee meetings held in FY2023, responsiveness and level of contribution to the Group, the Board is satisfied that the Directors are each able to devote sufficient time and attention to the affairs of the Group.

Complete, adequate and timely information to make informed decisions

The management recognises that relevant, complete and accurate information needs to be provided to the Directors prior to meetings and on an on-going basis to enable the directors to make informed decisions and discharge their duties and responsibilities effectively and efficiently.

The management provides to the Board, on a half-yearly basis, financial information in respect of each half-year and/or full-year period (as applicable) and relevant background information and materials relating to the matters that will be discussed at the Board and Board Committee meetings. This enables the Directors to better understand such matters before the meetings, allowing for a more meaningful discussion of such matters during the meetings. Any additional materials or information requested by the Directors are promptly furnished. If necessary or requested, the Company arranges for key management personnel who are able to explain and provide insights on the matters to be discussed to make the appropriate presentation to and address the concerns of the Board during or as soon as practicable after such meetings.

The management also informs the Board, on an ongoing basis, of all significant events as and when they occur and circulates Board papers and/or salient information on material transactions to the Directors to facilitate a robust discussion before the transactions are entered into. The Board may from time to time convene, whether or not at the management's request, meetings or discussions as deemed necessary.

Separate and independent access to management, company secretaries and external advisers

The Board has separate and independent access to the management, the Company Secretaries, and external professionals, including legal counsels and auditors. Any materials or information requested by the Directors to make informed decisions were promptly furnished.

Appointment and removal of the Company Secretaries

The role of the Company Secretaries is clearly defined and includes:

- Attending Board and Board Committee meetings and ensuring that meeting procedures are adhered to;
- Advising the Board and/or management, where consulted, on corporate governance matters and compliance with relevant requirements of the Companies Act and the Catalist Rules; and
- Assisting the Executive Chairman in ensuring an adequate and timely flow of information within the Board and Board Committees, and between the management and the Board.

CORPORATE GOVERNANCE REPORT

The Company will seek appropriate advice or opinions from qualified professionals or experts, if deemed necessary by the Board or the management. The Directors are entitled to seek independent professional advice on matters relating to the Group at the expense of the Company.

The appointment and removal of each Company Secretary is subject to the Board's collective approval.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Board Independence

The role of the Independent Directors is particularly important in ensuring that the strategies proposed by management are constructively challenged, thoroughly considered and examined, and take into account the long-term interests of the Group's stakeholders, which includes Shareholders, employees, customers and suppliers. As the Executive Chairman is not independent, Independent Directors make up the majority of the Board, in compliance with the Code. This element of independence enables the Board to exercise objective independent judgement and provides the management with diverse and objective perspectives on corporate affairs and matters affecting the Group. The NC is of the view that no individual or small group of individuals dominates the Board's decision-making processes. All matters put forth to the Board for approval are only deemed approved if approved by a majority of the Directors or such higher threshold as may be applicable.

An Independent Director shall immediately disclose to the NC and the Company Secretaries any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his or her independent business judgement in the best interests of the Company.

The Group had in the past, from time to time, engaged Chan Jer Hiang & Co (which Mr. Chan Jer Hiang, an Independent Director, is a partner of) to provide legal services to the Group. The Executive Chairman and CEO, Mr. Low Siong Yong, and the Executive Director, Mr. Tai Yoon On, had also from time to time, in their personal capacity, engaged Chan Jer Hiang & Co for legal services. Mr. Chan Jer Hiang was in such instances the engagement partner involved in the provision of professional services. During FY2023, Appleton Global Private Limited had provided professional services to the Group at the Board meetings held during FY2023, and at the AGM held on 27 April 2023. Mr. Ong Beng Chye, the Lead Independent Director, is the sole shareholder and a director of Appleton Global Private Limited.

Notwithstanding the above, having reviewed and considered the credentials and independence of Mr. Chan Jer Hiang and Mr. Ong Beng Chye, the NC and the Board (other than Mr. Chan Jer Hiang and Mr. Ong Beng Chye where regards each of the foregoing Directors' own independence) have determined that Mr. Chan Jer Hiang and Mr. Ong Beng Chye be considered independent for the following reasons:

- (a) the aggregate fees paid by the Group and the Executive Directors to each of Chan Jer Hiang & Co and Appleton Global Private Limited for such professional services in each of the last three (3) financial years (as applicable) was less than S\$10,000. Such fees charged by Chan Jer Hiang & Co and Appleton Global Private Limited to the Group were on an arm's length basis and were based on normal commercial terms;
- (b) Mr. Chan Jer Hiang and Mr. Ong Beng Chye have each confirmed that neither he nor his immediate family have been employed by the Company or its related corporations in the current or any of the last three (3) financial years; and
- (c) in respect of Mr. Chan Jer Hiang, the Group has ceased to engage the services of Chan Jer Hiang & Co and Mr. Chan Jer Hiang since the Listing.

CORPORATE GOVERNANCE REPORT

The independence of each Independent Director is reviewed annually by the NC with reference to the criteria for independence in the Code and the Catalist Rules. Each Independent Director is required annually to provide a signed confirmation that he/she is independent within the meaning of the Code and the Catalist Rules. The NC and the Board have reviewed and ascertained that all Independent Directors are independent in conduct, character and judgement, in accordance with the Code and its accompanying practice guidances and the Catalist Rules, and save as disclosed above, none of the Independent Directors has any relationship with the Company, its related corporations, substantial Shareholders or officers, which could interfere or be perceived to interfere with their independent judgement.

As at the date of this Report, no Independent Director has served on the Board for more than nine (9) years.

Board Diversity

The Company recognises and embraces Board diversity as an essential element in supporting the achievement of business objectives and sustainable development in an ever-changing business environment. The Company has a formal Board diversity policy in place, and targets to achieve an appropriate balance of diverse but complementary skills, competencies, knowledge, background and experience on its Board. The Board recognises that the selection process is crucial in maintaining Board diversity and in sourcing for and shortlisting candidates for Board appointment, the Company is mindful to select from a wide and diverse talent pool. Under the Board diversity policy, in reviewing the composition of the Board, the NC shall consider the adequacy of the Board's diversity from several aspects, including but not limited to gender, age, education background, nationality, ethnicity, cultural background, professional experience, skills and knowledge. Board appointments will be based on merit and the contributions that the Board foresees each candidate will bring to the Board.

Towards that end, the Company had in appointing the Independent Directors at the time of the Listing, sought candidates from outside the industry in which the Group operates so as to complement the industry experience and skillsets which the Executive Directors possess. The Independent Directors bring with them skills and expertise from various sectors such as accounting and finance, legal and regulatory compliance, business management and risk management. In terms of age diversity, the Directors range in age from 46 to 64 years old. While the Group's operations are principally carried out in Singapore, the Directors also bring with them work experience from Malaysia, which the Board believes is helpful in exposing the Group to perspectives and practices in other countries. The NC is of the view that the Board and Board Committees have an appropriate balance and mix of skills, knowledge and experience in the Group's core businesses and the foregoing areas of accounting and finance, legal and regulatory compliance, business management and risk management, as well as a mix of backgrounds that meets the Group's need for Board diversity.

The Company also aims to complement and benefit from the Board's diversity by ensuring that Directors adopt an independent mindset when carrying out their responsibilities. To gather and leverage on diverse perspectives, the Executive Chairman cultivates an inclusive environment where all Directors are encouraged to speak up and participate in decision-making. To this end, all Directors are invited to attend Board Committee meetings, even if they are not a member of the Board Committee, and each Board Committee is chaired by a different Independent Director.

The Company seeks to continue maintaining a Board comprising Directors whose diverse backgrounds and experiences reflect the needs of the Group's business. As part of an annual performance evaluation exercise conducted by the NC, Directors are asked to consider if all necessary skills, stakeholders and diversity are represented on the Board. All Directors had considered and affirmed the same.

The Board has also assessed its size and composition to be appropriate for effective decision-making, considering the nature and scope of the Group's operations. No individual or small group of individuals dominates the Board's decision-making. The Board recognises that it currently comprises only male Directors as its current Directors have been assessed to, based on other aspects of diversity, provide the mix of skills, knowledge, expertise and other attributes appropriate and beneficial in view of the Company's current needs. Nonetheless, under the Board diversity policy, any search firm engaged to assist the Board or a Board Committee in identifying candidates for appointment to the Board will be specifically directed to include diverse candidates and female candidates in particular. The NC will continue to assess on an annual basis the skill set of the Board to ensure that the skills of the Directors remain relevant to the business of the Group. The NC will also continue to review the Board diversity policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. Any updates or progress made towards implementing the Board diversity policy will be disclosed in the Company's Corporate Governance Report, as appropriate.

CORPORATE GOVERNANCE REPORT

Accordingly, to achieve the targets set out in the paragraphs above, the Board will continue to monitor and assess, alongside developments in the Group's operations, whether the current Board composition presents a satisfactory level of diversity in allowing for effective collaboration between, and contribution by, the Directors.

Profiles of the Directors are set out in the section entitled "Board of Directors" of this annual report.

Independent Directors meet regularly without the presence of the management

To facilitate a more effective check on the management, the Independent Directors shall meet at least once a year with the internal and external auditors without the presence of the management. The Independent Directors also communicate with each other from time to time without the presence of the management to discuss the performance of the management and any matters of concern. Feedback arising from such meetings or discussions is provided to the Board or the Executive Chairman and CEO, as appropriate.

The Independent Directors met twice without the presence of the management in FY2023.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: There is a clear division of responsibilities between the leadership of the Board and management, and no one individual has unfettered powers of decision-making.

Responsibilities of Chairman and CEO

The Executive Chairman and CEO of the Company is Mr. Low Siong Yong. Mr. Low Siong Yong takes an active role in the management of the Group and oversees the effectiveness of the Board. He ensures that Board meetings are held regularly, sets the Board meeting agenda in consultation with all Board members and ensures that information is disseminated to the Board members adequately and in a timely manner. Mr. Low Siong Yong also ensures that the culture in the boardroom promotes open interaction and contributions by all Board members.

The Board is of the opinion that it is not currently necessary to vest the roles of the Chairman of the Board and the CEO in two different individuals. This is after taking into careful consideration the size, scope and nature of the operations of the Group, that a majority of the Board are independent and that the AC, NC and RC are chaired by Independent Directors. The strong independent element on the Board ensures the Board's capacity for independent decision making and that there is no concentration of power and authority in one individual.

Lead Independent Director

As the Executive Chairman is part of the management and therefore not independent, the Code recommends that the Board have a lead independent director. Mr Ong Beng Chye has been appointed as the Company's Lead Independent Director. The responsibilities of the Lead Independent Director include:

- providing leadership in situations where the Executive Chairman is conflicted;
- acting as the principal liaison to address Shareholders' concerns where contact through the normal channels of communication with the executive director(s) or key management personnel are inappropriate or have failed to resolve the concerns in question;
- chairing Board meetings on behalf of or in the absence of the Executive Chairman;
- working with the Executive Chairman in leading the Board; and
- providing a channel to Independent Directors for confidential discussions on any concerns they may have and to resolve conflicts of interest, as and when necessary.

No query or request on any matters which require the attention of the Lead Independent Director was received in FY2023.

CORPORATE GOVERNANCE REPORT

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.

Composition of NC and Terms of Reference of NC

As at the date of this Report, all members of the NC, including its Chairman, are independent. The Lead Independent Director is also the Chairman of the NC.

The written terms of reference of the NC have been approved and adopted, and they include the following:

- (a) establishing a formal and transparent process for the appointment and re-appointment of Directors to the Board, taking into account the need for progressive renewal of the Board, and assessing annually the effectiveness of the Board as a whole, and that of each of the Board Committees and individual Directors;
- (b) making recommendations to the Board on relevant matters relating to:
 - (i) the review of succession plans for Directors and executive officers;
 - (ii) the development of a process for evaluation of the performance of the Board, Board Committees and Directors;
 - (iii) the review of training and professional development programmes for the Board; and
 - (iv) the appointment and re-appointment of Directors;
- (c) reviewing and approving any new employment or re-employment of persons related to the Directors, CEO or substantial Shareholders and the proposed terms of their employment or re-employment;
- (d) determining the composition of the Board, taking into account the requirements of the Company now and in the future, the need for diversity in the Board composition and other considerations such as those set out in the Code;
- (e) making recommendations to the Board on board appointments, including nominations of existing Directors for re-election in accordance with the Constitution, taking into account the Director's contribution and performance;
- (f) determining on an annual basis whether a Director is independent, taking into account the circumstances set forth in the Code and any other salient factors;
- (g) deciding whether a Director is able to and has been adequately carrying out his duties as a Director, having regard to the competing time commitments that are faced by the Director when serving on multiple boards and discharging his duties towards other principal commitments;
- (h) deciding how the Board's performance may be evaluated and proposing objective performance criteria, as approved by the Board, that allow comparison with the Company's industry peers, and address how the Board has enhanced long-term Shareholders' value;
- (i) ensuring that each Director submits himself for re-nomination and re-election at least once every three (3) years;
- (j) ensuring that the Board and Board Committees comprise Directors who, as a group, provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate; and

CORPORATE GOVERNANCE REPORT

- (k) undertaking a formal annual assessment of the Board's effectiveness as a whole and that of each of the Board Committees and individual Directors and recommending for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each of the Board Committees separately, as well as the contribution of each individual Director to the Board.

Process for the selection, appointment and re-appointment of Directors

The Company does not have a formal selection criteria for the appointment of new Directors. When the need for a new Director arises, or where it is considered that the Board would benefit from the services of a new Director with particular qualifications and attributes, or to replace a retiring Director, the NC, in consultation with the Board, will determine the selection criteria and will select candidates with the appropriate qualifications and attributes for the position. In its search and nomination process for new Directors, the NC may rely on executive search companies or recruitment agencies, personal contacts and recommendations for the right candidates. The NC ensures that the newly appointed Director is aware of his/her duties and obligations.

Board appointments are made by the Board after the NC has, upon reviewing the resume of the proposed Director and conducting appropriate interviews, recommended the appointment to the Board. The NC is also in charge of re-nominating the Directors, having regard to their contribution and performance. Pursuant to the Constitution, one-third of the Directors shall retire from office at the AGM every year, provided that all Directors shall retire from office at least once every three (3) years. Directors newly appointed by the Board are required to retire at the first AGM following his/her appointment. Retiring Directors are eligible to offer themselves for re-election. Each member of the NC abstains from voting on any resolutions and making any recommendations and/or participating in any deliberations of the NC in respect of the assessment of his/her own performance or re-nomination as a Director.

Pursuant to Rule 720(4) of the Catalist Rules, all Directors must submit themselves for re-nomination and re-appointment at least once every three (3) years. Pursuant to Regulations 100 and 101 of the Constitution, at each AGM, at least one-third of the Directors for the time being, or if their number is not three (3) or a multiple of three (3), the number nearest to one-third but not less than one-third shall retire by rotation, and all Directors shall retire at least once every three (3) years and such retiring Director shall be eligible for re-election.

The NC has recommended, and the Board has approved for tabling for Shareholders' approval the re-election of Mr. Ong Beng Chye and Mr. Chan Jer Hiang, who will be retiring at the forthcoming AGM, as Directors. In making such recommendation, the NC has considered the respective Director's overall performance and contributions and each of Mr. Ong Beng Chye and Mr. Chan Jer Hiang has abstained from voting on any resolution related to their re-election.

The details of the Directors who will retire by rotation at the forthcoming AGM to be held on 29 April 2024 are disclosed in the section entitled "Additional Information on Directors Seeking Re-election" in this annual report.

Multiple listed company directorships and other principal commitments

The NC ensures that newly appointed Directors are aware of their duties and obligations. For the re-nomination and re-appointment of Directors, the NC takes into consideration the competing time commitments faced by Directors and their ability to devote sufficient time and attention to the Group. Each Director is required to declare changes in his/her listed company directorships or other principal commitments during the year to enable the on-going assessment of the Directors' capacity to commit to the Company. Aside from taking into account the number of listed company directorships and other principal commitments of the Directors, the NC also considers the results of the annual evaluation of each Director's effectiveness and the respective Director's contribution at the Board and Board Committees meetings to determine whether the Director is able to discharge his duties diligently.

CORPORATE GOVERNANCE REPORT

The NC and the Board are of the view that there is no necessity to determine the maximum number of listed company board representations which a Director may hold as the Board is of the view that having multiple directorships and other principal commitments does not necessarily prevent the Directors from discharging their duties as Directors effectively. In addition, given that the time and commitment demands for each directorship position would vary, the NC believes that imposing a maximum limit on the numbers of directorships each Director can hold may be arbitrary and currently not needed.

The NC and the Board are of the view that each Director has discharged his duties diligently during FY2023.

As at the date of this Report, the listed company directorships and principal commitments of each Director (aside from appointments held in and commitments to the Group) are set out below:

Name of Director	Position	Present directorships in other listed companies	Present principal commitments
Low Siong Yong	Executive Chairman and CEO	Nil	Nil
Tai Yoon On	Executive Director	Nil	Nil
Ong Beng Chye	Lead Independent Director	<ul style="list-style-type: none"> • ES Group (Holdings) Limited • Hafary Holdings Limited • IPS Securex Holdings Limited • LMS Compliance Ltd. 	<ul style="list-style-type: none"> • Appleton Global Private Limited (Executive Director) • Gem Corp Services Pte. Ltd. (Director)
Marcus Woon	Independent Director	Nil	<ul style="list-style-type: none"> • Eaton Industries Pte. Ltd. (Executive Director)
Chan Jer Hiang	Independent Director	Nil	<ul style="list-style-type: none"> • Chan Jer Hiang & Co (Partner)

Alternate directors would only be appointed in exceptional circumstances. No alternate director has been appointed to the Board.

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board Committees and individual Directors.

The NC assesses the effectiveness of the Board and Board Committees and the contribution by each Director annually using evaluation checklists. Directors' responses in the evaluation checklists are consolidated and summarised into a report that is reviewed by the NC and tabled to the Board. The Executive Chairman will act on the results of the performance evaluation and the recommendation of the NC, and where appropriate, in consultation with the NC, new Directors may be appointed, the Company may discuss with certain Directors aspects of their performance on the Board, or the resignation of Directors may be sought.

In assessing the Board's and Board Committees' effectiveness, the NC considers factors such as:

- The Board's and Board Committees' composition, including balance of skills;

CORPORATE GOVERNANCE REPORT

- The Board's and Board Committees' practices and conduct, including whether there is an adequate and timely flow of information between them and between them and the management, communications with the Shareholders and the management and how the Executive Chairman and Board Committees' chairpersons provide effective leadership to the Board and Board Committees respectively;
- The Board's contribution to the formulation of strategies and in ensuring effective risk management; and
- The Board Committees' contribution in facilitating effective and efficient decision-making by the Board.

In assessing the contribution by each Director, the NC considers factors such as:

- The commitment demonstrated by each Director, including attendance at Board and Board Committee meetings and the preparedness of each Director for meetings;
- The willingness and ability of each Director to constructively and effectively contribute in discussions;
- The technical knowledge in their field of expertise and business knowledge of each Director; and
- The interaction of each Director with fellow Directors and the management.

Where appropriate, the NC will review and make changes to the evaluation checklists to align with prevailing regulations and requirements.

Each member of the NC shall abstain from deliberating and voting on any resolutions in respect of the assessment of his/her performance or re-nomination as a Director.

Based on the NC's review for FY2023, the Board has been effective as a whole and each Director has contributed to the effective functioning of the Board and Board Committees.

Although no external independent facilitator had been engaged for performance assessments of the Board, Board Committees and Directors, the NC has full authority to engage such external independent facilitator, if the need arises.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

Composition of RC and Terms of Reference of RC

The RC makes recommendations to the Board on the framework of remuneration and the specific remuneration packages for each Director and key management personnel.

As at the date of this Report, all members of the RC, including its Chairman, are independent.

The written terms of reference of the RC have been approved and adopted, and they include the following:

- (a) ensuring the remuneration policies and systems of the Group, as approved by the Board, support the Group's objectives and strategies, and are consistently administered and being adhered to within the Group;

CORPORATE GOVERNANCE REPORT

- (b) in the case of service agreements, reviewing the obligations arising in the event of termination of the Executive Directors' service agreements or key management personnel's service contracts, to ensure that such service agreements contain fair and reasonable termination clauses which are not overly generous;
- (c) proposing, for adoption by the Board, measurable, appropriate and meaningful performance criteria to assist in the evaluation of the performance of the executive officers, the Directors and of the Board as a whole;
- (d) considering all aspects of remuneration (including but not limited to, Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, benefits-in-kind and termination payments) and termination terms, to ensure they are fair and that the level and structure of remuneration are appropriate and proportionate to the sustained performance and value creation of the Group, taking into account the strategic objectives;
- (e) reviewing the terms of performance-related remuneration schemes or incentive schemes (if any) and determining the eligibility criteria of the employees who can participate in such schemes; and
- (f) conducting an annual review of the remuneration, bonuses, pay increments and/or promotions of employees who are related to the Directors and/or substantial Shareholders.

On an annual basis, the RC reviews and recommends the specific remuneration packages of the Executive Directors and the key management personnel, including the annual increments and year-end variable bonuses, and the Independent Directors' fees, for approval by the Board. Each RC member will abstain from voting on any resolution and making any recommendations in respect of his own remuneration package. The RC has met to consider and review the remuneration packages of the Directors and key management personnel, including those employees related to the Executive Directors and controlling shareholders of the Company.

RC to consider all aspects of remuneration and ensure that they are fair

The RC considers all aspects of remuneration (including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, benefits-in-kind and termination payments) and termination terms in the review of remuneration packages for each Director and key management personnel.

The Independent Directors have not entered into service agreements with the Company and receive Directors' fees commensurate with their contributions and taking into consideration factors such as effort and time spent and their responsibilities. The Directors' fees are recommended by the RC and endorsed by the Board for approval by Shareholders at the AGM. Each member of the RC shall abstain from voting on any resolutions in respect of his or her remuneration package and any matter being reviewed or considered by the RC in which he has an interest.

The Executive Directors have each entered into a service agreement with the Company ("**Service Agreement**"), under which the terms of their employment are stipulated, including a monthly base salary, annual wage supplement and benefits commensurate with the position. The Executive Directors also participate in a profit-sharing scheme that is pegged to the Group's profitability. The Executive Directors do not receive Directors' fees and there are no post retirement and severance benefits except that the Company may choose to give either notice or salary in lieu of notice in the event of termination, as is common practice in employment relationships. Each Service Agreement is valid for three (3) years from the date of the Listing ("**Initial Term**") and subject to renewal at the end of the Initial Term on such terms as may be agreed between the Company and the Executive Directors, and (if necessary) approved by the Board, the NC, the RC and/or the Shareholders, unless otherwise agreed in writing between the Company and the Executive Directors or terminated in accordance with the Service Agreement. Please refer to the section entitled "Directors, Executive Officers and Employees – Service Agreements" of the Company's offer document dated 21 January 2022 ("**Offer Document**") for further details on the Service Agreements.

CORPORATE GOVERNANCE REPORT

Expert advice on remuneration

The RC has the right to seek professional advice relating to the remuneration of any of the Directors and key management personnel. The RC is responsible for ensuring that any relationship between the appointed remuneration consultant (if any) and any of the Directors and key management personnel will not affect the independence and objectivity of the remuneration consultant. The expenses incurred in obtaining such advice will be borne by the Company.

The Board did not engage any external remuneration consultant to advise on remuneration matters in FY2023.

LEVEL AND MIX OF REMUNERATION

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Performance-related remuneration for Executive Directors and Key Management Personnel

The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, considering the strategic objectives of the Company.

The remuneration of Executive Directors and key management personnel comprise fixed components, including salaries and bonuses, and a variable component. Their remuneration is linked to their roles and responsibilities and promotion of the long-term success of the Group, as aligned with Shareholders' interests. The Group's remuneration policy is to ensure that the remuneration offered is competitive and sufficient to attract, retain and motivate Executive Directors and key management personnel of the required experience and expertise. In determining the remuneration of such persons, the Group looks at not just their performance during the current year, but also their performance across their period of employment and improvements (or shortcomings) in their performance. This aligns with the Group's emphasis on the long-term, sustainable success of the Group, and is also aimed at guarding against excessive risk-taking.

Discretionary bonuses (if any) for key management personnel are determined based on individual performance and the Group's performance for each financial year against key performance indicators of revenue and profit targets. Factors involved in assessing personal performance include the extent to which such persons create an appropriate work culture in the Group, engage effectively with the Group's business partners and contracting counterparties, and contribute towards the successful and timely completion of the Group's projects.

Variable remuneration payable to the Executive Directors each annum is in the form of an incentive bonus ("**Incentive Bonus**") that is determined based on the audited consolidated profit before tax of the Group (after deducting for the non-controlling interests) for the relevant financial year, before payment of the Incentive Bonus and excluding any gains or losses arising from extraordinary and exceptional items ("**PBT**"), as follows:

Mr. Low Siong Yong

	PBT	Incentive Bonus
(a)	Where PBT is of any amount up to and including S\$5.0 million	2.2% of the PBT
(b)	Where PBT exceeds S\$5.0 million	S\$110,000 plus 3.3% of the PBT in excess of S\$5.0 million

Mr. Tai Yoon On

	PBT	Incentive Bonus
(a)	Where PBT is of any amount up to and including S\$5.0 million	1.8% of the PBT
(b)	Where PBT exceeds S\$5.0 million	S\$90,000 plus 2.7% of the PBT in excess of S\$5.0 million

CORPORATE GOVERNANCE REPORT

Please refer to the section entitled “Directors, Executive Officers and Employees – Service Agreements” of the Company’s offer document dated 21 January 2022 (“**Offer Document**”) for further details on the remuneration payable to the Executive Directors.

Having reviewed the remuneration packages of the Executive Directors and key management personnel, the RC is of the view that it is not necessary to institute contractual provisions to reclaim incentive components of remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Group. The Company believes that there are alternative legal avenues to these specific contractual provisions that will enable the Company to recover financial losses arising from such exceptional events.

The Company does not offer any share plan or share option scheme. The RC may consider other forms of long-term incentive schemes for the management when necessary.

Remuneration of Non-Executive Directors

The Non-Executive Directors are paid Directors’ fees half yearly in arrears and such Directors’ fees, being an agreed amount, are subject to Shareholders’ approval at the AGM. The proposed Directors’ fees are determined in accordance with their contribution, effort, time spent and responsibilities. The Non-Executive Directors shall not be overly remunerated to the extent that their independence may be compromised. Executive Directors are not paid Directors’ fees.

DISCLOSURE ON REMUNERATION

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance, and value creation.

Disclosure of Remuneration of Directors and key management personnel

A separate annual remuneration report is not prepared as the matters which need to be disclosed in such annual remuneration report have already been sufficiently disclosed in this Report and in the financial statements of the Company.

A breakdown showing the band/amount and mix of each Director’s remuneration for FY2023 is as follows:

Remuneration band/amount	Salary (%)	Allowance and CPF (%)	Variable or performance-related bonus (%)	Director’s fees (%)	Total (%)
S\$700,001 to S\$800,000					
Low Siong Yong	97	2	1	–	100
Tai Yoon On	97	2	1	–	100
S\$40,000					
Ong Beng Chye	–	–	–	100	100
Marcus Woon	–	–	–	100	100
Chan Jer Hiang	–	–	–	100	100

CORPORATE GOVERNANCE REPORT

To maintain the confidentiality of the remuneration policies of the Company, the Board is of the view that it is in the best interests of the Company not to fully disclose the remuneration of each Executive Director. In accordance with Rule 1204(10)(D) of the Catalist Rules, with effect from the financial year ending 31 December 2024 (“FY2024”), the exact amounts and breakdown of remuneration paid to each Executive Director will be disclosed in the Company’s annual report.

The fees paid to Independent Directors comprised a basic fee, a fee for chairing a Board Committee and a fee for being a member of the Board Committees. The RC has recommended that the Independent Directors be paid Directors’ fees of S\$120,000 in aggregate for FY2024, to be paid half yearly in arrears and will be tabled at the forthcoming AGM for approval by Shareholders. The Directors’ fee proposed for each Independent Director is as follows:

Independent Director	Directors’ Fees
Ong Beng Chye	S\$40,000
Marcus Woon	S\$40,000
Chan Jer Hiang	S\$40,000

The Company had only three (3) key management personnel (who are not Directors) in FY2023. A breakdown showing the remuneration band and mix of each of the key management personnel’s remuneration for FY2023 is as follows:

Remuneration band ⁽¹⁾	Salary (%)	Allowance and CPF (%)	Variable or performance-related bonus (%)	Other benefits (%)	Total (%)
Below S\$250,000					
Gan Wan Ni	84	10	6	–	100
Low Choo Khee	82	14	4	–	100
Zhang Liangliang ⁽²⁾	84	10	6	–	100

Notes:

(1) Given the size of the Group’s operations, the executive officers are the only key management personnel of the Group, excluding the Executive Directors.

(2) Mr. Zhang Liangliang ceased to be the contract director of the Group with effect from 17 January 2024.

The total remuneration paid to key management personnel of the Group (who are not Directors or the CEO of the Company) in FY2023 amounted to S\$565,254.

The above remuneration of Executive Directors and key management personnel for FY2023 has been approved by the Board.

During FY2023, there were no termination nor post-employment benefits granted to the Directors, the CEO and the key management personnel.

The Company does not have any employee share scheme.

CORPORATE GOVERNANCE REPORT

Remuneration of related employees

A breakdown showing the remuneration band and mix of each employee who is a substantial Shareholder or an immediate family member of a Director, the CEO and/or a substantial Shareholder and whose remuneration exceeds S\$100,000 during the year, based on their yearly remuneration at the date of this Report, is as follows:

Name of Employee	Designation	Relationship	Salary (%)	Allowance and CPF (%)	Variable or performance-related bonus (%)	Other benefits (%)	Total (%)
S\$100,000 to S\$199,999							
Pow Pei San (Bao Peishan)	Part Time Consultant of Digo Corporation Pte. Ltd. (" Digo Corporation "), Kontourz Pte. Ltd. (" Kontourz ") and Digo Building Construction Pte. Ltd. (" Digo Building ")	Spouse of Mr. Low Siong Yong	85	15	–	–	100
Cheng Chew Hun	Part Time Consultant of Digo Corporation, Kontourz and Digo Building	Spouse of Mr. Tai Yoon On	85	15	–	–	100
Tai Voon Sing	Project Director of Digo Corporation and Kontourz Director of Alpina Energy Pte. Ltd. Director of Alpina International Investments Pte. Ltd.	Sibling of Mr. Tai Yoon On	83	12	5	–	100
Tai Yung Wei	Senior Project Manager of Digo Corporation and Kontourz	Sibling of Mr. Tai Yoon On	80	14	6	–	100

Save as disclosed above, there is no other employee who is a substantial Shareholder or an immediate family member of a Director, the CEO or a substantial Shareholder and whose annual remuneration exceeded S\$100,000 in FY2023.

ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its Shareholders.

The Board determines the nature and extent of significant risks

One of the Board's principal duties is to protect and enhance long-term value and the returns to Shareholders. The accountability of the Board to the Shareholders is demonstrated through the presentation of the periodic financial statements as well as the announcement of significant corporate developments and activities in a timely manner so that the Shareholders can have a detailed explanation and balanced assessment of the Group's financial position and prospects.

The management presents to the AC the half-yearly and full-year financial results for their review and recommendation to the Board for approval. The Board reviews the results and if deemed fit, approves the results and authorises the release via SGXNet.

CORPORATE GOVERNANCE REPORT

Risk Management

Risk analysis and management is undertaken within the Group as a necessary element of sustaining and growing the Group's competitive advantage and business. The Board has assessed and decided not to establish a separate Board Risk Committee to assist the Board in overseeing the Group's risk management framework and policies. Instead, this responsibility is assumed by the AC. In addition to assisting the Board in overseeing risk management in the Group, the AC is responsible for reviewing the adequacy and effectiveness of the Group's risk management systems and internal controls, including financial, operational, compliance and information technology controls and reports to the Board its observations and recommendations on such matters as it considers necessary.

The Company has in place an enterprise risk management ("**ERM**") framework which includes a set of processes to ensure that the Group is aware of, and attends to, current and emerging risks. The management is expected to constantly review the business operations and environment to identify significant risks and ensure that mitigating measures, including preventive controls and detective and corrective measures, are promptly implemented to address these risks. These significant risks and mitigating measures, taken together with the risk owners and action plans to address any gaps, are documented in a risk register.

The AC, with the assistance of the internal and external auditors, annually reviews the adequacy and effectiveness of the Group's risk management and internal control systems, including financial, operational, compliance and information technology controls.

The internal auditors, Baker Tilly Consultancy (Singapore) Pte. Ltd., have carried out an internal audit according to standards set out by the Institute of Internal Auditors on the system of internal controls and reported the findings to the AC. The external auditors, Mazars LLP, have also, in the course of their statutory audit, gained an understanding of the key internal accounting controls assessed to be relevant to the statutory audit. In this respect, the AC has reviewed the findings of both the internal and external auditors and will ensure that the Company follows up on the auditors' recommendations raised during the audit processes.

Assurance from the CEO and Chief Financial Officer ("CFO")

Internal Controls

The Board recognises the importance of maintaining a sound system of internal controls to safeguard Shareholders' interest and investments and the Group's assets. The Board notes that no system of internal controls could provide absolute assurance against the occurrence of material errors, poor judgement in decision making, human errors, losses, fraud or other irregularities. As such, the Company's risk management and internal controls systems are regularly evaluated and enhanced where prudent to ensure its relevance to the Company's operations.

The Board has received assurance from the CEO and the CFO that:

- the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- the Group's risk management and internal control systems are adequate and effective.

Based on the risk management and internal controls systems established and maintained by the Group, work performed by the internal and external auditors, reviews performed by the management, various Board Committees and the Board, and the written assurance from the CEO and the CFO, the Board, with the concurrence of the AC, is of the opinion that the Group's internal controls (addressing key financial, operational, compliance and information technology controls) and risk management systems were adequate and effective as at 31 December 2023. The Group will review its internal control systems and processes on an on-going basis and make further improvements when necessary.

CORPORATE GOVERNANCE REPORT

AUDIT COMMITTEE

Principle 10: The Board has an AC which discharges its duties objectively.

Composition of AC and Terms of Reference of AC

As at the date of this Report, all members of the AC, including the Chairman, are independent. The Board considers Mr. Marcus Woon, a fellow member with the Association of Chartered Certified Accountants and who has extensive and practical financial knowledge and experience, well-qualified to chair the AC. The Board is of the view that the members of the AC are appropriately qualified in that they have sufficient accounting or related financial management expertise and experience to discharge the duties and responsibilities of the AC. No former partner or director of the external auditors and the internal auditors is a member of the AC.

The AC's responsibilities, as set out in its terms of reference, include the following:

- (a) assisting the Board in the discharge of its responsibilities on financial reporting matters;
- (b) reviewing, with the internal and external auditors, the audit plans, scope of work, their evaluation of the system of internal accounting controls, their management letter and the management's response, and results of the audits compiled by the internal and external auditors, and reviewing at regular intervals with the management the implementation by the Group of the internal control recommendations made by the internal and external auditors;
- (c) reviewing the half year and full year financial statements and results announcements before submission to the Board for approval, focusing in particular on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with financial reporting standards as well as compliance with the Catalist Rules and any other statutory/regulatory requirements, and concerns and issues arising from the audits, including any matters which the auditors may wish to discuss in the absence of management, where necessary;
- (d) reviewing the independence and objectivity of the internal and external auditors as well as the appointment or re-appointment of the internal and external auditors, including approving the remuneration and terms of engagement of the internal and external auditors and ensuring the internal audit function is adequately resourced and staffed with persons with the relevant qualifications and experience and that the internal auditors comply with the standards set by internationally recognised professional bodies, where applicable;
- (e) commissioning and reviewing the findings of any internal investigation into, and discussing with the internal and external auditors on, any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and management's response;
- (f) reviewing significant financial reporting issues and judgments with the CFO and the external auditors so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group's financial performance before their submission to the Board;
- (g) reviewing and reporting to the Board, at least annually, the adequacy and effectiveness of the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management systems and discussing issues and concerns, if any, arising from internal audits;
- (h) reviewing and approving transactions falling within the scope of Chapter 9 and Chapter 10 of the Catalist Rules;

CORPORATE GOVERNANCE REPORT

- (i) reviewing any potential conflicts of interest and setting out a framework to resolve or mitigate any potential conflicts of interest;
- (j) reviewing and assessing from time to time whether additional processes are required to be put in place to manage any material conflicts of interest with the controlling shareholders and proposing, where appropriate, the relevant measures for the management of such conflicts;
- (k) reviewing and approving all hedging policies and instruments (if any) to be implemented by the Group (if any) and conducting periodic reviews of foreign exchange transactions and hedging policies and procedures;
- (l) reviewing the Group's cash management processes;
- (m) monitoring the implementation of a policy and procedures for sustainability reporting;
- (n) undertaking such other reviews and projects as may be requested by the Board and reporting to the Board its findings from time to time on matters arising and requiring the attention of the AC;
- (o) reviewing the Group's policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on, and ensuring that the Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns;
- (p) generally undertaking such other functions and duties as may be required by statute or the Catalist Rules or as recommended by the Code, and by such amendments made thereto from time to time;
- (q) reviewing the procedures and policies put in place to ensure compliance with various laws and regulations, including all laws and regulations under the Companies Act, at least annually, to ensure that such procedures and policies are commensurate with the Group's operations and expansion plans from time to time and with a view to ensuring that adequate rectification measures are taken for past breaches as well as new initiatives implemented to mitigate and reduce the risks of future breaches;
- (r) reviewing the Group's key financial risk areas, with a view to providing an independent oversight on the Group's financial reporting, with the outcome of such review to be disclosed in the annual reports or if the findings are material, to be immediately announced via SGXNet;
- (s) reviewing the risk profile of the Group and the appropriate steps to be taken to mitigate and manage risks to keep its risk profile at an acceptable level as determined by the Board;
- (t) meeting with the internal and external auditors, and in each case without the presence of management, at least annually and reviewing the co-operation given by the management to the internal and external auditors, where applicable;
- (u) where applicable, ensuring that the internal audit function has unfettered access to all the Group's documents, records, properties and personnel, including the AC, and has appropriate standing within the Group;
- (v) reviewing the procedures by which employees of the Group may, in confidence, report to the chairman of the AC possible improprieties in matters of financial reporting or other matters, and ensuring that there are arrangements in place for the receipt, retention and treatment of complaints received by the Group (including criminal offences involving the Group or its employees, questionable accounting, auditing, business, safety or other matters that impact negatively on the Group), the independent investigation and follow-up actions thereto;

CORPORATE GOVERNANCE REPORT

- (w) reviewing the assurance from the CEO and CFO on the financial records and financial statements;
- (x) appraising the performance of the CFO on an annual basis;
- (y) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the financial performance; and
- (z) monitoring the use of the proceeds raised by the Company from the Listing.

The AC is authorised to investigate any matter within its terms of reference, and has full access to, and co-operation of, the management. The AC has full discretion to invite any Director, executive officer or management personnel to attend its meetings and has access to reasonable resources, including independent professional advice, to enable it to discharge its functions.

The Group has complied with Rules 712 and 715 of the Catalist Rules in relation to the appointment of the external auditors. The aggregate amount of fees paid/payable to the external auditors, Mazars LLP, for audit services for FY2023 was S\$188,000 and no non-audit services were rendered by Mazars LLP during or for FY2023. The AC, having reviewed the scope and value of the audit and non-audit services provided by the external auditors, is satisfied that the independence and objectivity of the external auditors is not impaired.

In recommending the re-appointment of Mazars LLP as the Company's external auditors for FY2024, the AC has considered the adequacy of their resources, training and quality control, experience of the engagement team and the firm as a whole and quality of work carried out by the external auditors.

Internal audit function

The Company has outsourced its internal audit function to Baker Tilly Consultancy (Singapore) Pte. Ltd., a corporate member of the Institute of Internal Auditors Singapore. The primary reporting line of the internal auditors is to the AC on any material non-compliance and internal control weaknesses identified in the course of audit. The hiring, removal and evaluation of the internal auditors and compensation to be paid to them is recommended by the AC and approved by the Board.

The internal auditors have unrestricted access to the Company's documents, records, properties and personnel. The internal audit team is staffed with personnel with relevant qualifications (such as Chartered Accountant of Singapore and Certified Internal Auditor designations) and experience. The internal auditors carry out their work in line with International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The AC reviews the adequacy and effectiveness of the internal audit function at least on an annual basis, and as and when the situation calls for it. The AC has reviewed the independence, adequacy and effectiveness of the Company's internal audit function and is satisfied that the internal auditors are independent, effective, have adequate resources to perform its functions and have appropriate standing within the Group.

AC meets with the auditors without the presence of management annually

The AC endeavours to meet at least once a year with the external and internal auditors without the presence of the management so that any concern and/or issue can be raised directly and privately. In FY2023, the AC has met with the external auditors twice and the internal auditors once without the presence of the management.

Significant accounting matters

In its review of the Company's financial statements for FY2023, the AC has discussed with the management the significant accounting principles that were applied and their judgement of items that might affect the accuracy and completeness of the financial statements.

CORPORATE GOVERNANCE REPORT

The key audit matters were discussed between the management and the external auditors and were reviewed by the AC. Please refer to page 46 of this annual report for the key audit matters identified for FY2023.

Whistle-blowing policy

During FY2023, the Company had in place a whistle-blowing policy and procedures for employees of the Group and other persons to raise concerns about possible improprieties in matters of financial reporting, fraudulent behaviour and other significant matters directly to the AC. The AC is responsible for overseeing and monitoring whistle-blowing reports and such policies and procedures. According to the Company's whistle-blowing policy, whistle-blowers shall be protected from detrimental or unfair treatment and the identity of the whistle-blower and the concern raised will be treated with the strictest confidentiality. All whistle-blowing reports will be attended to and thoroughly dealt with as deemed necessary, taking into consideration the seriousness and credibility of the issue raised, whether the allegation can be and is confirmed from attributable sources and information provided, and the outcome of investigations, if commenced or commissioned. The whistle-blowing policy is disseminated to employees of the Group.

Possible improprieties such as suspected fraud, corruption, dishonest practices and other significant matters can be reported via postal mail and email to the Chairman of the AC at AlpinaACC@gmail.com.

In FY2023, no matter was raised through the Group's whistle-blowing channels.

SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Opportunity to participate effectively and vote at general meetings

The Board ensures that Shareholders are treated fairly and equitably. All material information which would likely affect the price or value of the Company's shares shall be disclosed adequately and in a timely manner. Presentations and information to Shareholders or investors will be made available on SGXNet and the Company's website.

In presenting the Group's financial results to Shareholders, it is the aim of the Board to provide Shareholders with a balanced and understandable assessment of the Company's performance, financial position and prospects.

The Company's principal form of dialogue with Shareholders takes place at general meetings. Shareholders are given the opportunity to participate effectively and vote at general meetings of the Company, where relevant rules and procedures governing the meetings are clearly communicated. Notices of general meetings are dispatched to Shareholders, together with the annual report and/or circulars within the notice periods prescribed by the relevant regulations. Where necessary, additional explanatory notes are provided for certain resolutions to be tabled at general meetings to enable Shareholders to exercise their vote on an informed basis. The Company strives to hold general meetings at venues which are accessible to Shareholders and provide Shareholders with the opportunity to voice their views and direct their questions regarding the Group to the Board.

Shareholders will also be briefed during or prior to the general meetings on voting procedures applicable at the general meetings. Voting procedures are also documented in the notices of general meetings disseminated to Shareholders via SGXNet and the Company's website.

CORPORATE GOVERNANCE REPORT

All notices of general meetings contain instructions to Shareholders on:

- (i) how they may access any documents or information relating to the business of the general meeting;
- (ii) how they may submit their questions ahead of the meeting, the timeframe for submission of questions and how the substantial and relevant questions will be responded to prior to/at the meeting; and
- (iii) how they may cast their votes, including specific instruction to investors who hold Shares under the Central Provident Fund Investment Scheme (“**CPF Investors**”) and/or the Supplementary Retirement Scheme (“**SRS Investors**”) (where applicable).

Separate resolution on each substantially separate issue

The Board notes that the best practice is to table separate resolutions for each substantially separate issue. The Company shall avoid ‘bundling’ resolutions unless the resolutions are interdependent and linked as one significant proposal. In situations where resolutions are inter-conditional, the Company will provide clear explanations.

All Directors attend general meetings

All Directors and the relevant key management personnel attend general meetings to address Shareholders’ queries and receive feedback from Shareholders.

The external auditors of the Company are also requested to attend the AGMs so that they may assist in addressing queries from the Shareholders relating to the conduct of the audit and the preparation and content of the independent auditor’s report.

The Chairman of the general meeting will facilitate constructive dialogue between Shareholders and the Board, management, external auditors and other relevant professionals.

The Constitution allows for absentia voting of Shareholders

The Constitution allows all Shareholders to appoint not more than two (2) proxies to attend and vote on their behalf and also provides that a proxy need not be a Shareholder. A relevant intermediary (as defined in Section 181 of the Companies Act) may appoint more than two (2) proxies to participate in Shareholders’ meetings. CPF Investors and SRS Investors may attend and cast their vote(s) at the general meetings in person if they are appointed as proxy of their respective agents, including SRS operators and CPF agent banks. CPF and SRS Investors should, in addition to pre-registering, approach their respective agents as soon as possible, so that the necessary arrangements can be made by the relevant agents for their participation in the AGM or the appointment of the Chairman to act as their proxy.

The Constitution permits voting in absentia only by appointment of proxy. As the authenticity of Shareholders’ identity information and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail or electronic means.

The forthcoming AGM to be held on 29 April 2024 will be held in a physical format and all Directors will be present physically at the designated location for convening of the AGM. Shareholders and members of the Company may refer to the Notice of AGM announced by the Company on SGXNet on the date of this annual report for the guidelines and information on the forthcoming AGM.

CORPORATE GOVERNANCE REPORT

Minutes of general meetings

All resolutions proposed at general meetings shall be put to vote by way of a poll. All votes cast for or against each resolution are tallied and disclosed at the meeting and an announcement with the detailed results showing the number of votes (and respective percentages of such votes) cast for and against each resolution will be released to Shareholders and the public via SGXNet after the general meetings. Minutes of general meetings shall include substantial and relevant comments or queries from Shareholders relating to the agenda of the meeting and responses from the Board and the relevant key management personnel.

The minutes of the forthcoming AGM to be held on 29 April 2024 will be published on SGXNet and the Company's website within one (1) month after the date of the AGM.

Dividend policy

Currently, the Company does not have a formal dividend policy. The Board will consider establishing a dividend policy when appropriate. In considering the payment of dividend, the Board shall consider factors such as the Group's profits, cash flows, working capital and capital expenditure requirements, investment plans and other factors as the Board may deem appropriate. The Board has not declared a final dividend in respect of FY2023 in view of the net losses incurred by the Group for FY2023 and the present uncertainty in the Group's market outlook and business environment.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: The Company communicates regularly with its Shareholders and facilitates the participation of Shareholders during general meetings and other dialogues to allow Shareholders to communicate their views on various matters affecting the Company.

Avenues for communication between the Board and Shareholders

The Company strives for timeliness and consistency in its disclosures to Shareholders. It is the Company's policy to keep all Shareholders informed of developments or changes that will have a material impact on the Company's share price, through announcements via SGXNet. Such announcements are communicated on an immediate basis, or as soon as possible where immediate disclosure is not practicable. Shareholders are provided with an update on the Group's performance, financial position and prospects through the Company's annual report.

The Company's half year and full year results announcements, corporate presentations, announcements and press releases are issued via SGXNet. Shareholders have access to information on the Group via the Company's website. The Company discloses all material information as early as practicable to all Shareholders.

Shareholders are given the opportunity to pose questions to the Board or the management at the general meetings. The members of the AC, NC and RC will be present at the general meetings to answer questions relating to matters overseen by the respective committees.

Investor relations policy

The Company currently does not have a formal investor relations policy, in view of the present scale of its operations and limited queries from the public, but considers advice from corporate lawyers and professionals that it engages from time to time on appropriate disclosure requirements before announcing material information to the Shareholders. The Company does not practice selective disclosure. In line with continuous obligations of the Company pursuant to the Catalist Rules and the Companies Act, the Board's policy is that all Shareholders should be equally and timely informed of all major developments that will impact the Company or the Group. Disclosure of information is made through announcements released to the SGX-ST, the Company's annual reports, circulars, press releases, as well as on the Company's website. The Company's website includes a dedicated section on investor relations where the Group's latest financial results, annual report, sustainability report, SGXNet announcements, group structure, key policies and investor relations contacts are disclosed.

Shareholders and investors can also contact the Company via the email address enquiry@alpinaholdings.com.sg which has been designated as a channel to facilitate regular and effective communication. The Company endeavours to respond to Shareholders' queries promptly.

DEALINGS IN SECURITIES

Pursuant to Rule 1204(19) of the Catalist Rules, the Company has put in place a policy on dealings in the Company's securities by the Directors, officers and employees of the Company and its subsidiaries.

The Company prohibits its officers from dealing in the Company's shares on short-term considerations or when they are in possession of unpublished price-sensitive information. All Directors, officers and employees of the Group are not allowed to deal in the Company's shares during the periods commencing one (1) month before the announcement of the Company's half-year and full year financial statements and ending on the date of the announcement of the relevant results.

The Company's officers and employee are also advised to observe insider trading laws at all times. Directors are required to report all dealings in securities to the Company Secretary.

The Board confirms that, as at the date of this Report, the Company has complied with Rule 1204(19) of the Catalist Rules.

INTERESTED PERSON TRANSACTIONS ("IPTs")

The Group has adopted a policy in respect of any IPTs and requires all such transactions to be at arm's length, on normal commercial terms and not prejudicial to the Company and its minority Shareholders. All IPTs are documented and submitted periodically to the AC for their review.

The Group has also obtained a general mandate from Shareholders ("**Shareholders' Mandate**") for the purchase of electrical components, lighting equipment and related spare parts from Accentury Pte. Ltd. ("**Accentury**"). Accentury's shareholders are Ms. Pow Pei San (Ms. Bao Peishan) and Ms. Cheng Chew Hun, who are the spouses of Mr. Low Siong Yong and Mr. Tai Yoon On, and who hold 55.0% and 45.0% of the issued and paid-up shares of Accentury, on trust for Mr. Low Siong Yong and Mr. Tai Yoon On respectively. The Company will be seeking Shareholders' approval for the renewal of the Shareholders' Mandate at the forthcoming AGM.

CORPORATE GOVERNANCE REPORT

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPINA HOLDINGS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the consolidated financial statements of Alpina Holdings Limited (the "Company") and its subsidiaries (the "Group") which comprise the statements of financial position of the Group and of the Company as at 31 December 2023, and the statements of profit or loss and other comprehensive income, changes in equity and cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2023 and of the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (the "ACRA code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Overview

Audit Approach

We designed a risk-based audit approach in identifying and assessing the risks of material misstatement at both the financial statement and assertion levels.

Materiality

As in all our audits, we exercised our professional judgment in determining our materiality, which was also affected by our perception of the financial information needs of the users of the financial statements, being the magnitude of misstatement in the financial statements that makes it probable for a reasonably knowledgeable person to change or be influenced in his economic decision.

Scope of audit

For the audit of the current financial year's financial statements, we identified 4 significant components which required a full scope audit of their financial information, either because of their size or/and their risk characteristics.

All significant components were audited by Mazars LLP, Singapore.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPINA HOLDINGS LIMITED

Report on the Audit of the Financial Statements (Continued)

Area of focus

We focused our resources and effort on areas which were assessed to have higher risks of material misstatement, including areas which involve significant judgments and estimates to be made by directors.

Key Audit Matter

Key audit matter is those matter that, in our professional judgement, was of most significance in our audit of the financial statements of the current financial year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Expected credit losses ("ECL") on trade receivables and contract assets	
<i>Refer to Note 4 (Critical accounting judgements and key sources of estimation uncertainty), Note 12 (Trade and other receivables), Note 14 (Contract assets/liability) and Note 29 (Financial instruments and financial risks) for disclosures relating to the loss allowances for trade receivables and contract assets.</i>	
Key audit matter	Our audit response
<p>The carrying amounts of the Group's trade receivables and contract assets as at 31 December 2023 were approximately \$6,488,000 (2022: \$4,079,000) and \$32,379,000 (2022: \$18,632,000) respectively.</p> <p>Consequent to the adoption of SFRS(I) 9 Financial Instruments ("SFRS(I) 9"), the Group used an allowance matrix to estimate the ECL for trade receivables and contract assets. The ECL rates are based on the Group's historical loss experience of the customers, for the last 3 years prior to the reporting date for various customer groups that are assessed by geographical locations, adjusted for forward looking factors, including specific to the debtors and the economic environment which could affect the ability of the debtors to settle the trade receivables and contract assets.</p> <p>As the determination of the ECL requires significant judgement and estimation of management and in consideration of the significance of trade receivables and contract assets in the Group, we consider management's assessment and application of SFRS(I) 9 to the impairment of trade receivables and contract assets as a key audit matter.</p>	<p>Our audit procedures included, and were not limited to, the following:</p> <ul style="list-style-type: none"> ▪ Obtained an understanding of the Group's consideration of SFRS(I) 9 in their application of the corresponding requirements and assessed the appropriateness thereof; ▪ Assessed the reasonableness of the provision matrix applied by the Group in their measurement of ECL for trade receivables and contract assets; ▪ Assessed and where found necessary, critically challenged judgements and estimates used by management in measuring the ECL of trade receivables and contract assets; and ▪ Reviewed the completeness and appropriateness of corresponding disclosures made in the financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPINA HOLDINGS LIMITED

Report on the Audit of the Financial Statements (Continued)

Other information

Management is responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and the independent auditors' report thereon, which we obtained prior to the date of this report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view in accordance with the provision of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPINA HOLDINGS LIMITED

Report on the Audit of the Financial Statements (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPINA HOLDINGS LIMITED

Report on the Audit of the Financial Statements (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by the subsidiary entities incorporated in Singapore of which we are auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Chen Ningxin, Narissa.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 General

Alpina Holdings Limited (the “Company”) (Registration Number 202138650H) was incorporated on 8 November 2021 and is domiciled in Singapore with its principal place of business and registered office address at 54 Senoko Road, Woodlands East Industrial Estate, Singapore 758118. The Company was incorporated for the purpose of acquiring the existing operating entities pursuant to the restructuring exercise as disclosed in Note 2 to form a group, comprising the Company and other companies making up the Group.

The principal business activities of the Company are provision of activities of head and regional head office, centralised administrative office and subsidiary management offices, and other holding companies.

The principal activities of the respective subsidiaries are disclosed in Note 17 to the financial statements.

All other companies are incorporated and domiciled in Singapore with its principal place of business and registered office at 54 Senoko Road, Woodlands East Industrial Estate, Singapore 758118.

The financial statements of the Group for the financial year ended 31 December 2023 were authorised for issue by the board of directors on the date of directors’ statement.

2 Restructuring exercise

The Company was incorporated on 8 November 2021 under the name of Alpina Holdings Pte. Ltd.. On incorporation, the issued and paid-up share capital of the Company was \$100 comprising 100 ordinary shares.

To consolidate the business activities of the Group, a restructuring exercise was undertaken for the Company to acquire 100% of the equity interests of Digo Corporation Pte. Ltd., Kontourz Pte. Ltd. and Digo Building Construction Pte. Ltd.. The detail of considerations is summarised in Note 2.1, 2.2 and 2.3 which was determined based on the net asset value of the Group as recorded in its audited financial statements as at 31 December 2020.

2.1 Acquisition of Digo Building Construction Pte. Ltd. (“DB”)

The Company acquired 100% of the share capital of DB which was incorporated on 26 May 2017 for a consideration of \$196,800 which was determined based on the net asset value of DB as at 31 December 2020. The consideration was satisfied by the issue of 196,800 ordinary shares in the capital of the Company to the then shareholders of DB as follows:

<u>Name</u>	<u>Number of shares</u>
Tai Yoon On (Held in trust by spouse, Cheng Chew Hun)	382,545
Low Siong Yong (Held in trust by spouse, Pow Pei San)	467,555
	850,100

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

2 Restructuring exercise (Continued)

2.2 Acquisition of Digo Corporation Pte. Ltd. (“DC”)

The Company acquired 100% of the share capital of DC which was incorporated on 20 December 2003 for a consideration of \$11,688,800 which was determined based on the net asset value of DC as at 31 December 2020. The consideration was satisfied by the issue of 11,688,800 ordinary shares in the capital of the Company to the then shareholders of DC as follows:

<u>Name</u>	<u>Number of shares</u>
Low Siong Yong	1,100,000
Tai Yoon On	900,000
	<hr/>
	2,000,000
	<hr/>

2.3 Acquisition of Kontourz Pte. Ltd. (“KT”)

The Company acquired 100% of the share capital of KT which was incorporated on 12 October 2007 for a consideration of \$809,300 which was determined based on the net asset value of KT as at 31 December 2020. The consideration was satisfied by the issue of 809,300 ordinary shares in the capital of the Company to the then shareholders of KT as follows:

<u>Name</u>	<u>Number of shares</u>
Tai Yoon On (Held in trust by spouse, Cheng Chew Hun)	225,000
Low Siong Yong (Held in trust by spouse, Pow Pei San)	275,000
	<hr/>
	500,000
	<hr/>

Pursuant to a deed of confirmation of trust executed by Pow Pei San dated 26 October 2021, Pow Pei San confirmed that all her interests in the shares of DB (since 28 December 2017) and KT (since 1 March 2013), were held on trust for and on behalf of her spouse, Low Siong Yong. This amounted to 467,555 shares in DB or approximately 55% of the total issued and paid-up share capital of DB, and 275,000 shares in KT or approximately 55% of the total issued and paid-up share capital of KT.

Pursuant to a deed of confirmation of trust executed by Cheng Chew Hun dated 26 October 2021, Cheng Chew Hun confirmed that all her interests in the shares of DB (since 28 December 2017) and KT (since 1 March 2013), were held on trust for and on behalf of her spouse, Tai Yoon On. This amounted to 382,545 shares in DB or approximately 45% of the total issued and paid-up share capital of DB, and 225,000 shares in KT or approximately 45% of the total issued and paid-up share capital of KT.

The above restructuring exercise is considered to be acquisitions of equity interests by entities under common control and therefore the entities acquired by the Group pursuant to the restructuring have been accounted for in a manner similar to the pooling-of-interests method. Accordingly, the assets and liabilities of these entities have been included in the financial statements of the Group at their historical carrying amounts. Although the restructuring exercise was completed on 18 January 2022, the financial statements of the Group presented the financial condition, results of operations and cash flows of the comparative year as if the restructuring has occurred as of beginning of the earliest period the combined financial statements were prepared. No adjustments are made to reflect fair values or recognise any new assets or liabilities as a result of the restructuring exercise.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

2 Restructuring exercise (Continued)

2.4 Sub-division of shares

On 17 January 2022, the Shareholders approved the sub-division of 12,695,000 shares in the issued and paid-up share capital of the Company into 152,340,000 shares. Following this sub-division, the issued and paid-up share capital of the Company was \$12,695,000 comprising 152,340,000 shares.

3 Summary of material accounting policies

3.1 Basis of preparation

The financial statements of the Group and the statement of financial position of the Company have been drawn up in accordance with the provisions of the Singapore Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") including related Interpretations of SFRS(I)s ("SFRS(I) INTs") and are prepared on the historical cost basis, except as disclosed in the accounting policies below.

The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The financial statements of the Group and the statement of financial position of the Company are presented in Singapore dollar ("S") which is also the functional currency of each subsidiary within the Group, and all values presented are rounded to the nearest thousand ("S'000"), unless otherwise indicated.

In the current year, the Group has adopted all the new and revised SFRS(I)s and SFRS(I)s INT that are relevant to its operations and effective for annual periods beginning on or after 1 January 2023. The adoption of these new or revised SFRS(I)s and SFRS(I) INTs did not result in changes to the Group's and Company's accounting policies, and has no material effect on the current or prior year's financial statement and is not expected to have a material effect on future periods.

The Group adopted the amendments to SFRS(I) 1-1 and SFRS(I) Practice Statement 2: Disclosure of Accounting Policies in the current financial year. The amendments require the disclosure of "material" instead of "significant" accounting policy information and provides guidance to assist the entity in providing useful, entity-specific accounting policy information for the users' understanding of the financial statements. Accordingly, management had reviewed the accounting policies and updated the information disclosed in Note 3 Summary of material accounting policies in line with the amendments.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.1 Basis of preparation (Continued)

SFRS (I) and SFRS(I) INT issued but not yet effective:

At the date of authorisation of these statements, the following SFRS(I) and SFRS(I) INT that are relevant to the Group were issued but not yet effective:

SFRS (I)	Title	Effective date (annual periods beginning on or after)
SFRS(I) 10, SFRS(I) 1-28	Amendments to SFRS(I) 10 and SFRS(I) 1-28: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined
SFRS(I) 16	Amendments to SFRS(I) 16: <i>Lease Liability in a Sale and Leaseback</i>	1 January 2024
SFRS(I) 1-1	Amendments to SFRS(I) 1-1: <i>Classification of Liabilities as Current or Non-current</i>	1 January 2024
Various	Amendments to SFRS(I) 1-1: <i>Non-current Liabilities with Covenants</i>	1 January 2024
SFRS(I) 1-7, SFRS(I) 7	Amendments to SFRS(I) 1-7 and SFRS(I) 7: <i>Supplier Finance Arrangements</i>	1 January 2024
SFRS(I) 1-21, SFRS(I) 1	Amendments to SFRS(I) 1-21: <i>Lack of Exchangeability</i>	1 January 2025

Consequential amendments were also made to various standards as a result of these new/revised standards.

The Group does not intend to early adopt any of the above new/revised standards, interpretations and amendments to the existing standards. Management anticipates that the adoption of the aforementioned revised/new standards will not have a material impact on the financial statements of the Group and Company in the period of their initial adoption.

3.2 Basis of combination

Common control business combination outside the scope of SFRS(I) 3

A business combination involving entities under common control is a business combination in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. A business combination involving common control entities, are outside the scope of SFRS(I) 3 *Business Combination* ("SFRS(I) 3"). For such common control business combinations, the merger accounting principles are used to include the assets, liabilities, equity changes and cash flows of the combining entities in the combined financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.2 Basis of combination (Continued)

Common control business combination outside the scope of SFRS(I) 3 (Continued)

In applying merger accounting, financial statement items of the combining entities or businesses for the reporting period in which the common control combination occurs, and for any comparative periods disclosed, are included in the combined financial statements of the combined entity as if the combination had occurred from the date when the combining entities or businesses first came under the control of the controlling party or parties.

A single uniform set of accounting policies is adopted by the combined entity. Therefore, the combined entity recognises the assets, liabilities and equity of the combining entities or businesses at the carrying amounts in the combined financial statements of the controlling party or parties prior to the common control combination. The carrying amounts are included as if such combined entity's accounting policies and applying those policies to all periods presented. There is no recognition of any goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost at the time of the common control combination. The effects of all transactions between the combining entities or businesses, whether occurring before or after the combination, are eliminated in preparing the combined financial statements of the combined entity.

Restructuring reserve represents the differences between the nominal amount of the share capital of the combining entities at the date on which it was acquired by the Group and the nominal amount of the share capital issued as consideration for the acquisition.

The combined financial statements were prepared based on the audited financial statements of subsidiaries which were prepared in accordance with SFRS(I)s for the purpose of combination. The subsidiaries maintain their accounting records and prepare the relevant statutory financial statements in accordance with the Act and SFRS(I)s.

3.3 Basis of consolidation

The financial statements of the Group comprise the financial statements of the Company and its subsidiaries. Subsidiaries are entities (including structured entities) (i) over which the Group has power, and the Group is (ii) able to use such power to (iii) affect its exposure, or rights, to variable returns from then through its involvement with them.

The Group reassesses whether it controls the subsidiaries if facts and circumstance indicate that there are changes to the one or more of the three elements of control.

When the Group has less than a majority of the voting rights of an investee, it still has power over the investee when the voting rights are sufficient, after considering all relevant facts and circumstances, to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers, among others, the extent of its voting rights relative to the size and dispersion of holdings of the other vote holders, currently exercisable substantive potential voting rights held by all parties, rights arising from contractual arrangements and voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.3 Basis of consolidation (Continued)

Intra-group assets and liabilities, equity, income, expenses and cash flows relating to intragroup transactions are eliminated on consolidation.

The financial statements of the subsidiaries used in the preparation of the financial statements are prepared for the same reporting date as that of the Company. Where necessary, accounting policies of subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

Non-controlling interests are identified separately from the Group's equity therein. On an acquisition-by-acquisition basis, non-controlling interests may be initially measured either at fair value or at their proportionate share of the fair value of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Losses in the subsidiary are attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any differences between the amount by which the non-controlling interests are adjusted to reflect the changes in the relative interests in the subsidiary and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control over a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to accumulated profits) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 *Financial Instruments* or, when applicable, the cost on initial recognition of an investment in an associate or jointly controlled entity.

Investments in subsidiaries are carried at cost less any impairment loss that has been recognised in profit or loss in the Company's separate financial statements.

3.4 Revenue recognition

Revenue from contracts with its customers is recognised when or as the Group satisfies a performance obligation by transferring a promised good or service generated in the ordinary course of the Group's activities to its customer, at a transaction price that reflects the consideration the Group expects to be entitled in exchange for the goods or service and that is allocated to that performance obligation. The goods or service is transferred when or as the customer obtains control of the goods or service.

Revenue from contracts with its customers

Revenue is recognised over time, using the output method to measure progress towards complete satisfaction of the service, as the customer simultaneously receives and consumes the benefits provided by the Group. In the application of the output method, the Group has used surveys of performance completed to date method. In view of the nature of the contract, management considers that this output method is most appropriate in measuring the progress towards complete satisfaction of these performance obligations under SFRS(I) 15 *Revenue from Contract with its Customers* ("SFRS(I) 15").

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.4 Revenue recognition (Continued)

Revenue from contracts with its customers (Continued)

Revenue is disaggregated into integrated building services (“IBS”), mechanical and electrical (“M&E”) and alteration and addition (“A&A”).

IBS

Includes maintenance, repair and replacement of electrical systems, ACMV, fire prevention and protection systems, security and communication systems, sanitary and plumbing systems and other specialist systems in the buildings, as well as ancillary A&A works.

M&E

Includes installation, replacement, removal of components of the mechanical and electrical systems, including LED lighting fixtures, switchboards, lightning protection system, lifts, telephone lines, heat and smoke detectors and fire alarm systems.

A&A

Includes civil works and building works.

3.5 Borrowing costs

Borrowing costs are recognised in profit or loss in the period in which they are incurred.

3.6 Retirement benefits costs

Payments to defined contribution retirement benefit plans are charged as an expense as they fall due. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group’s obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

3.7 Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the financial year.

3.8 Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group’s liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiaries operate by the end of the financial year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.8 Income tax (Continued)

Deferred tax is recognised on the differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and does not give rise to equal taxable and deductible temporary differences.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year and based on the tax consequence that will follow from the manner in which the Group expects, at the end of the financial year, to recover or settle the carrying amounts of its assets and liabilities except for the investment property where investment property measured at fair value are presented to be recovered entirely through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited directly to equity, in which case the tax is also recognised directly in equity, or where they arise from the initial accounting for a business combination. In the case of a business combination, the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales tax that is incurred on purchases is not recoverable from the tax authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.9 Dividends

Equity dividends are recognised as a liability when they become legally payable. Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which dividends are approved by shareholders. A corresponding amount is recognised in equity.

3.10 Foreign currency transactions and translation

Foreign currency transactions are translated into the individual entities' respective functional currencies at the exchange rates prevailing on the date of the transaction. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the financial year. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in other comprehensive income.

3.11 Property, plant and equipment

Leasehold properties and improvements held for use in the production or supply of goods or services, or for administrative purposes, are shown at cost less any subsequent accumulated depreciation, and where applicable, accumulated impairment losses.

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of property, plant and equipment includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure relating to property, plant and equipment is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

Depreciation is charged so as to write off the cost of assets over their estimated useful lives, using the straight-line method, on the following bases:

	<u>Useful lives</u>
Computers and software	1 - 3 years
Furnitures and office equipments	3 years
Machineries, tools and equipments	3 - 12 years
Motor vehicles	2 - 10 years
Renovation	3 years
Leasehold property and improvements	17 years

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.11 Property, plant and equipment (Continued)

For right-of-use assets for which ownership of the underlying asset is not transferred to the Group by the end of the lease term, depreciation is charged over the lease term, using the straight-line method. The lease periods are disclosed in Note 21.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each financial year.

The gain or loss, being the difference between the sales proceeds and the carrying amount of the asset, arising on disposal or retirement of an item of property, plant and equipment is recognised in profit or loss. Any amount in the revaluation reserve relating to that asset is transferred to accumulated profits directly.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

3.12 Impairment of non-financial assets

The Group reviews the carrying amounts of its non-financial assets as at each reporting date to assess for any indication of impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss for the amount by which the asset's carrying amount exceeds the recoverable amount is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

3.13 Financial instruments

The Group recognises a financial asset or a financial liability in its statement of financial position when, and only when, the Group becomes party to the contractual provisions of the instrument.

Financial assets

Initial recognition and measurement

All financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset. With the exception of trade receivables that do not contain a significant financing component or for which the Group applies a practical expedient, all financial assets are initially measured at fair value, plus transaction costs, except for those financial assets classified as at FVTPL, which are initially measured at fair value. Such trade receivables that do not contain a significant financing component or for which the Group applies a practical expedient are measured at transaction price as defined in SFRS(I) 15 in Note 3.4.

Financial assets are classified as subsequently measured at amortised cost, fair value through other comprehensive income (“FVTOCI”) and FVTPL. The classification at initial recognition depends on the Group’s business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

The Group’s business model refers to how the Group manages its financial assets in order to generate cash flows which determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Group determines whether the asset’s contractual cash flows are solely payments of principal and interest (“SPPI”) on the principal amount outstanding to determine the classification of the financial assets.

Financial assets at amortised cost

A financial asset is subsequently measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, the financial asset at amortised cost are measured using the effective interest method and is subject to impairment. Gains or losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period, to the net carrying amount of the financial instrument. Income and expense are recognised on an effective interest basis for debt instruments other than those financial instruments at FVTPL.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

3.13 Financial instruments (Continued)

Financial assets (Continued)

Financial assets at FVTPL

A financial asset is subsequently measured at FVTPL if the financial asset is a financial asset held for trading, is not measured at amortised cost or at FVTOCI, or is irrevocably elected at initial recognition to be designated FVTPL if, by designating the financial asset as FVTPL, eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Gains or losses are recognised in profit or loss.

Impairment of financial assets

The Group recognises a loss allowance for ECL on financial assets measured at amortised cost. At each reporting date, the Group assesses whether the credit risk on a financial asset has increased significantly since initial recognition by assessing the change in the risk of a default occurring over the expected life of the financial instrument. Where the financial asset is determined to have low credit risk at the reporting date, the Group assumes that the credit risk on a financial assets has not increased significantly since initial recognition.

The Group uses reasonable and supportable forward-looking information that is available without undue cost or effort as well as past due information when determining whether credit risk has increased significantly since initial recognition.

Where the credit risk on that financial instrument has increased significantly since initial recognition, the Group measures the loss allowance for a financial instrument at an amount equal to the lifetime ECL. Where the credit risk on that financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

The Group uses a practical expedient to recognise the ECL for trade receivables and contract assets, which is to measure the loss allowance at an amount equal to lifetime ECL using an allowance matrix derived based on historical credit loss experience adjusted for current conditions and forecasts of future economic conditions.

While they are not financial assets, contract assets arising from the Group's contracts with customers under SFRS(I) 15 are assessed for impairment in accordance with SFRS(I) 9, similar to that of trade receivables.

The amount of ECL or reversal thereof that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised in profit or loss.

The Group directly reduces the gross carrying amount of a financial asset when the entity has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

For details on the Group's accounting policy for its impairment of financial assets, refer to Note 29.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.13 Financial instruments (Continued)

Financial assets (Continued)

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds receivables.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Ordinary share capital

Ordinary share capital is classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised on trade date – the date on which the Group commits to purchase or sell the asset. All financial liabilities are initially measured at fair value, minus transaction costs, except for those financial liabilities classified as at FVTPL, which are initially measured at fair value.

Financial liabilities are classified as either financial liabilities at FVTPL or other financial liabilities.

Financial liabilities are classified as at FVTPL if the financial liability is either held for trading or it is designated as such upon initial recognition. Financial liabilities classified as at FVTPL comprise derivatives that are not designated or do not qualify for hedge accounting.

Other financial liabilities

Trade and other payables

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, where applicable, using the effective interest method, with interest expense recognised on an effective yield basis. A gain or loss is recognised in profit or loss when the liability is derecognised and through the amortisation process.

Borrowings

Interest-bearing bank loans are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs (see Note 3.5 above). A gain or loss is recognised in profit or loss when the liability is derecognised and through the amortisation process.

Financial guarantee contracts

The Company has issued corporate guarantees to banks for banking facilities granted by them to certain subsidiaries and these guarantees qualify as financial guarantees because the Company is required to reimburse the banks if these subsidiaries breach any repayment terms.

Financial guarantee contract liabilities are measured initially at their fair values plus transaction costs and subsequently at the higher of the amount of the loss allowance and the amount initially recognised less cumulative amortisation in accordance with SFRS(I) 15.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expired.

3.14 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis, comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

3.15 Contract assets and liabilities

Contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date on services provided by the Group. Contract assets are transferred to trade receivables when the rights become unconditional. This usually occurs when the Group invoices the customer.

Contract liabilities primarily relate to advance consideration received from certain customers.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.16 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and fixed deposits, other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

3.17 Leases

At inception of a contract, the Group assessed whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where a contract contains more than one lease component, the Group allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component. Where the contract contains non-lease components, the Group applied the practical expedient to not to separate non-lease components from lease components, and instead account for each lease component and any associated non-lease components as a single lease component.

The Group recognises a right-of-use asset and lease liability at the lease commencement date for all lease arrangement for which the Group is the lessee, except for leases which have lease term of 12 months or less and leases of low value assets for which the Group applied the recognition exemption allowed under SFRS(I) 16 *Leases*. For these leases, the Group recognises the lease payment as an expense on a straight-line basis over the term of the lease.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. When the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. The right-of-use asset is also reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability, where applicable.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate.

The Group generally uses the incremental borrowing rate as the discount rate. To determine the incremental borrowing rate, the Group obtains a reference rate and makes certain adjustments to reflect the terms of the lease and the asset leased.

The lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments less any lease incentive receivable,
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date,
- amounts expected to be payable under a residual value guarantee,
- the exercise price under a purchase option that the Group is reasonably certain to exercise, and
- payments of penalties for terminating the lease if the Group is reasonably certain to terminate early and lease payments for an optional renewal period if the Group is reasonably certain to exercise an extension option.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.17 Leases (Continued)

The lease liability is measured at amortised cost using the effective interest method. The Group remeasures the lease liability when there is a change in the lease term due to a change in assessment of whether it will exercise a termination or extension or purchase option or due to a change in future lease payment resulting from a change in an index or a rate used to determine those payment.

Where there is a remeasurement of the lease liability, a corresponding adjustment is made to the right-of-use asset or in profit or loss where there is a further reduction in the measurement of the lease liability and the carrying amount of the right-of-use asset has been reduced to zero.

The Group as a lessor

Where a contract contains more than one lease and/or non-lease component, the Group allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component.

At the lease commencement date, the Group assess and classify each lease as either an operating lease or a finance lease. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the leased assets to the lessee. All other leases are classified as operating leases.

Operating leases

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

3.18 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows, which is discounted using a pre-tax discount rate.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss as they arise.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

3 Summary of material accounting policies (Continued)

3.19 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an expense, the grant is recognised as income in profit or loss on a systematic basis over the periods in which the related costs, for which the grants are intended to compensate, is expensed. Where the grant relates to an asset, the grant is recognised as deferred capital grant on the statement of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalment.

Non-monetary government grant is recognised at nominal amount.

3.20 Contingencies

A contingent liability is:

- (i) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (ii) a present obligation that arises from past events but is not recognised because:
 - (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (b) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingencies are not recognised on the statement of financial position of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair value can be reliably determined.

3.21 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the group of executive directors and the chief executive officer who make strategic decisions.

4 Critical accounting judgements and key sources of estimation uncertainty

The Group made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources in the application of the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors that are considered to be reasonable under the circumstances. Actual results may differ from the estimates.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

4 Critical accounting judgements and key sources of estimation uncertainty (Continued)

4.1 Critical judgements made in applying the Group's accounting policies

Management is of the opinion that any instances of applications of judgements are not expected to have a significant effect on the amounts recognised in the financial statements.

4.2 Key sources of estimation uncertainty

Revenue from contracts with its customers

Revenue is recognised over the period of the contract using the output method by reference to the progress towards complete satisfaction of that performance obligation if control of the asset transfers over time. The output method recognises revenue on the basis of direct measurements of value to the customer of the work performed to date relative to the remaining work promised under the contract.

Depreciation of property, plant and equipment

The Group depreciates the property, plant and equipment over their estimated useful lives after taking into account of their estimated residual values. The estimated useful life reflects management's estimate of the period that the Group intends to derive future economic benefits from the use of the Group's property, plant and equipment. Management estimates the useful lives of these property, plant and equipment to be within 1 to 17 years. Changes in the expected level of usage and technological developments could affect the economics, useful lives and the residual values of these assets which could then consequentially impact future depreciation charges. The carrying amounts of the Group's property, plant and equipment at 31 December 2023 were approximately \$9,079,000 (2022: \$8,666,000).

Measurement of ECL of trade receivables and contract assets

The Group uses an allowance matrix to measure ECL for trade receivables and contract assets. The ECL rates are based on the Group's historical loss experience of the customers, for the last 3 years prior to the reporting date for various customer groups that are assessed by adjusted for forward looking factors specific to the debtors and the economic environment which could affect the ability of the debtors to settle the trade receivables. In considering the impact of the economic environment on the ECL rates, the Group assesses, for example, the gross domestic production growth rates of the country (i.e. Singapore). The Group adjusts, as necessary, the allowance matrix at each reporting date. Such estimation of the ECL rates may not be representative of the actual default in the future. The expected loss allowance on the Group's trade receivables and contract assets as at 31 December 2023 was approximately \$166,000 (2022: \$2,026,000) and \$327,000 (2022: \$1,966,000) respectively.

Measurement of ECL of advances and loan to subsidiaries

The Company uses amongst other factors, the financial position of the subsidiaries, the past financial performance and cash flow trends, adjusted for the outlook of the industry and economy in which the subsidiaries of the Company operate in. Impairment on these balances has been measured on the 12-month expected loss basis which reflects low credit risk of the exposures.

The net carrying amount of the Company's advances and loan to subsidiaries as at 31 December 2023 was approximately \$2,462,000 (2022: \$540,000) (Note 12). The expected loss allowance on the Company's advances and loan to subsidiaries as at 31 December 2023 was approximately \$3,340,000 (2022: \$Nil) (Note 12).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

4 Critical accounting judgements and key sources of estimation uncertainty (Continued)

4.2 Key sources of estimation uncertainty (Continued)

Impairment of investments in subsidiaries

At the end of each financial year, an assessment is made on whether there are indicators that the Company's investments are impaired. Where applicable, the Company's assessment are based on the estimation of the value-in-use of the assets defined in SFRS(I) 1-36 Impairment of Assets by forecasting the expected future cash flows for a period up to 5 years, using a suitable discount rate in order to calculate the present value of those cash flows. The net carrying amount of the Company's investments in subsidiaries as at 31 December 2023 was approximately \$13,068,000 (2022: \$12,695,000) (Note 17). The impairment on the Company's investments in subsidiaries as at 31 December 2023 was approximately \$197,000 (2022: \$Nil) (Note 17).

Provision for income taxes

The Group recognises liabilities expected tax issues based on their best estimates of the likely taxes due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's income tax as at 31 December 2023 was approximately \$186,000 (2022: \$365,000).

The tax losses are subjected to an agreement by the tax authorities and compliance with tax regulations in the respective country in which the subsidiaries operate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

21 Leases

The Group leases land under a 19-year lease arrangement, with no option to renew the lease after that date. Lease payments are made annually and are subjected to revision every year based on the prevailing market rate but any increase will not exceed 3% of the annual rent in the immediate preceding year. In prior year, the Group is restricted from entering into any sublease arrangement for this lease. However, such restriction is being lifted during the year.

The Group leases certain office equipment for five years. All leases are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments. The Group's obligations under such leases are secured by the lessors' title to the leased assets, which will revert to the lessors in the event of default by the Group.

Extension options

The Group has several lease contracts with extension options exercisable by the Group up to 3 months before the end of the non-cancellable contract period. These extension options are exercisable by the Group and not by the lessors. The extension options are used by the Group to provide operation flexibility in terms of managing the assets used in the Group's operation.

Recognition exemptions

The Group has certain IT equipment, short-term rental of workers' dormitory and office equipment with lease terms of 12 months or less. For such leases, the Group has elected not to recognise right-of-use assets and lease liabilities.

a) Right-of-use assets

The carrying amount of right-of-use assets by class of underlying asset are as follows:

	Leasehold land \$'000	Office equipment \$'000	Total \$'000

25 Contingent liabilities, secured

As at 31 December 2023, the Company had provided guarantees totalling \$24,916,000 (2022: \$13,577,000) to the banks in respect of banking facilities granted to certain subsidiaries.

The Company has not recognised any liability in respect of the guarantees given to the banks for banking facilities granted to the certain subsidiaries as the Company's directors have assessed that the likelihood of the Company defaulting on repayment of the loans are remote.

As at the end of the financial year, the total amounts of loans outstanding covered by the guarantees was approximately \$15,162,000 (2022: \$7,192,000). Such guarantees are in the form of a financial guarantee as they require the Company to reimburse the respective banks if the respective subsidiaries to which the guarantees were extended fail to make principal or interest repayments when due in accordance with the terms of the borrowings. There has been no default or non-repayment since the utilisation of the banking facilities.

As at the end of the financial year, the Company had also given undertakings to two subsidiaries to provide continued financial support to the subsidiary to enable it to operate as going concern and to meet its obligations as and when they fall due for at least 12 months from the financial year end.

28 Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of Directors. The Board of Directors is responsible for allocating resources and assessing performance of the operating segments. The operating segments were determined based on the reports reviewed by management.

Management considers that the entire Group's operations constitute a single segment which is in the business of maintenance services in Singapore. Management assesses the performance of the Group's operations based on the (loss)/profit before tax, total assets and total liabilities which are measured in a manner consistent with that of the financial statements of the Group.

The Group's reportable segments under SFRS(I) 8 *Operating Segments* are therefore as follows:

For the purpose of resource allocation and assessment of segment performance, the Group's chief operating decision makers have focused on the business operating units which in turn, are segregated based on their services. This forms the basis of identifying the segments of the Group under SFRS(I) 8.

Operating segments are aggregated into a single reportable operating segment if they have similar economic characteristic, such as long-term average gross margins, and are similar in respect of nature of services and process, type of customers, method of distribution, and if applicable, the nature of the regulatory environment.

The Group's reportable segments under SFRS(I) 8 are therefore as follows:

- (1) Integrated building services ("IBS")
- (2) Mechanical and electrical ("M&E")
- (3) Alteration and addition ("A&A")

Segment revenue represents revenue generated from external and internal customers. Segment results represent the (loss) made/profit earned from each segment after allocating costs directly attributable to a segment as well as those that can be allocated on a reasonable basis. This is the measure reported to the chief operating maker for the purpose of resource allocation and assessment of segment performance.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

28 Segment information (Continued)

Assets and liabilities are not allocated by segment as they are not considered critical by the chief operating decision maker in resource allocation and assessment of segment performance.

29 Financial instruments and financial risks

The Group's activities expose it to credit risk, liquidity risk and market risks (including foreign currency risk, equity price risk and interest rate risk). The Group's overall risk management strategy seeks to minimise adverse effects from the volatility of financial markets on the Group's financial performance.

The Board of Directors are responsible for setting the objectives and underlying principles of financial risk management for the Group. The management then establishes the detailed policies such as authority levels, oversight responsibilities, risk identification and measurement, exposure limits and hedging strategies, in accordance with the objectives and underlying principles approved by the Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

29 Financial instruments and financial risks (Continued)

There have been no changes to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risks exposures are measured using sensitivity analysis indicated below.

Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults.

The Group's credit risk arises mainly from bank balances, trade and other receivables, other debt instruments carried at amortised cost and contract assets. Bank balances are mainly deposits with banks with high credit-ratings assigned by international credit rating agencies and the Group does not expect the impairment loss from bank balances to be material, if any.

To assess and manage its credit risk, the Group categorises the aforementioned financial assets and contract assets according to their risk of default. The Group defines default to have taken place when internal or/and external information indicates that the financial asset is unlikely to be received, which could include a breach of debt covenant, and/or where contractual payments are 90 days past due as per SFRS(I) 9's presumption.

In their assessment, the management considers, amongst other factors, the latest relevant credit ratings from reputable external rating agencies where available and deemed appropriate, historical credit experiences, latest available financial information and latest applicable credit reputation of the debtor.

The Group's internal credit risk grading categories are as follows:

Category	Description	Basis of recognising ECL
1	Low credit risk ^{Note 1}	12-months ECL
2	Non-significant increase in credit risks since initial recognition and financial asset is ≤ 30 days past due	12-months ECL
3	Significant increase in credit risk since initial recognition ^{Note 2} or financial asset is > 30 days past due	Lifetime ECL
4	Evidence indicates that financial asset is credit-impaired ^{Note 3}	Difference between financial asset's gross carrying amount and present value of estimated future cash flows discounted at the financial asset's original effective interest rate
5	Evidence indicates that the management has no reasonable expectations of recovering the write off amount ^{Note 4}	Written off

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

29 Financial instruments and financial risks (Continued)

Credit risk (Continued)

Note 1. Low credit risk

The financial asset is determined to have low credit risk if the financial assets have a low risk of default, the counterparty has a strong capacity to meet its contractual cash flow obligations in the near term and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the counterparty to fulfil its contractual cash flow obligations. Generally, this is the case when the Group assesses and determines that the debtor has been, is in and is highly likely to be, in the foreseeable future and during the (contractual) term of the financial asset, in a financial position that will allow the debtor to settle the financial asset as and when it falls due.

Note 2. Significant increase in credit risk

In assessing whether the credit risk of the financial asset has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial asset as of reporting date with the risk of default occurring on the financial asset as of date of initial recognition, and considered reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. In assessing the significance of the change in the risk of default, the Group considers both past due (i.e. whether it is more than 30 days past due) and forward looking quantitative and qualitative information. Forward looking information includes the assessment of the latest performance and financial position of the debtor, adjusted for the Group's future outlook of the industry in which the debtor operates based on independently obtained information (e.g. expert reports, analyst's reports etc) and the most recent news or market talks about the debtor, as applicable. In its assessment, the Group will generally, for example, assess whether the deterioration of the financial performance and/or financial position, adverse change in the economic environment (country and industry in which the debtor operates), deterioration of credit risk of the debtor, etc. is in line with its expectation as of the date of initial recognition of the financial asset. Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contract payments are >30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Note 3. Credit impaired

In determining whether financial assets are credit-impaired, the Group assesses whether one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit impaired includes the following observable data:

- Significant financial difficulty of the debtor;
- Breach of contract, such as a default or being more than 90 days past due;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation;
- or
- The disappearance of an active market for the financial asset because of financial difficulties.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

29 Financial instruments and financial risks (Continued)

Credit risk (Continued)

Note 4. Write off

Generally, the Group writes off, partially or fully, the financial asset when it assesses that there is no realistic prospect of recovery of the amount as evidenced by, for example, the debtor's lack of assets or income sources that could generate sufficient cash flows to repay the amounts subjected to the write off.

The Group performs ongoing credit evaluation of its counterparties' financial condition and generally does not require collateral.

The Group does not have any significant credit exposure to any single counterparty or any groups of counterparties having similar characteristics.

With reference to Note 25, the Company provides financial guarantees to certain banks in respect of bank facilities granted to certain subsidiaries. The date when the Group becomes a committed party to the guarantee is considered to be the date of initial recognition for the purpose of assessing the financial asset for impairment. In determining whether there has been a significant risk of a default occurring on the drawn-down facilities, the Group considered the change in the risk that the specified debtor (i.e. the applicable subsidiaries) will default on the contract. The Company assessed that the credit risk relating to the financial guarantees is insignificant to the Company.

As at the end of the financial year, there was no significant concentration of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statements of financial position.

Trade receivables (Note 12) and contract assets (Note 14)

The Group uses the practical expedient under SFRS(I) 9 in the form of allowance matrix to measure the ECL for trade receivables and contract assets, where the loss allowance is equal to lifetime ECL.

The contract assets mainly relate to unbilled revenue. The ECL for contract assets are estimated using the actual credit loss rate.

The ECL for trade receivables are estimated using an allowance matrix by reference to the historical credit loss experience of the customers for the last 3 years prior to the respective reporting dates for various customer groups that are assessed by geographical locations, product types and internal ratings, adjusted for forward looking factors specific to the debtors and the economic environment which could affect the ability of the debtors to settle the financial assets. In considering the impact of the economic environment on the ECL rates, the Group assesses, for example, the gross domestic production growth rates of the countries (e.g. Singapore) and the growth rates of the major industries which its customers operate in.

Trade receivables and contract assets are written off when there is evidence to indicate that the customer is in severe financial difficulty such as being under liquidation or bankruptcy and there is no reasonable expectations for recovering the outstanding balances.

Other receivables, refundable deposits and interest receivables (Note 12)

As at 31 December 2023, the Group recorded other receivables, refundable deposits and interest receivables of approximately \$74,000 (2022: \$99,000), \$1,121,000 (2022: \$416,000) and \$28,000 (2022: \$12,000) respectively. The Group assessed the loss allowance of these amounts on a 12-month ECL basis consequent to their assessment and concluded that these receivables are of low credit risk. In its assessment of the credit risk of the other receivables, refundable deposits and interest receivables, the Group considered amongst other factors, the financial position of these receivables as of 31 December 2023, the past financial performance and cash flows trends, adjusted for the outlook of the industry and economy in which the subsidiaries operate in. Using 12-month ECL, the Group determined that the ECL is insignificant.

Refundable deposits and interest receivables (Note 12) (Continued)

As at 31 December 2023, the Company recorded refundable deposits and interest receivables of approximately \$480,000 (2022: \$Nil) and \$28,000 (2022: \$12,000) respectively. The Company assessed the loss allowance of refundable deposits and interest receivables on a 12-month ECL basis consequent to their assessment and concluded that these receivables are of low credit risk. In its assessment of the credit risk of the refundable deposits and interest receivables, the Company considered amongst other factors, the financial position of these receivables as of 31 December 2023, historical credit loss experience, adjusted for factors that are specific to the debtor and an assessment of both the current and forecast general economic condition at the reporting date. Using 12-month ECL, the Company determined that the ECL is insignificant.

Advances and loans to subsidiaries (Note 12)

As at 31 December 2023, the Company recorded advances and loans to subsidiaries of \$2,462,000 (2022: \$540,000) consequent to an extension of advances and loans to the subsidiaries. The Company assessed the impairment loss allowance of these amounts on a 12-month ECL basis consequent to their assessment and concluded that these receivables are of low credit risk. In its assessment of the credit risk of the subsidiaries, the Company considered amongst other factors, the financial position of the subsidiaries as of 31 December 2023, the past financial performance and cash flow trends, adjusted for the outlook of the industry and economy in which the subsidiaries operate in. Using 12-month ECL, the Company determined that the ECL is approximately \$3,340,000 (2022: \$Nil).

Credit risk (Continued)

At 31 December 2023, the Group's credit-impaired trade receivables had a gross carrying amount of \$Nil (2022: \$1,860,000) and contract assets had a gross carrying amount of approximately \$654,000 (2022: \$2,293,000). The impairment losses of the Group related to several customers that the Group was not expecting to be able to collect the outstanding balances, mainly due to economic circumstances.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents and credit facilities deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2023

29 Financial instruments and financial risks (Continued)

Market risks

Market risks are the risk that changes in market prices, such as interest rates and foreign exchange rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Foreign currency risk

The Group is exposed to foreign currency risk on certain expenses, mainly from trade and other payables that are denominated in currencies other than the functional currencies of the respective entities in the Group. As at the reporting date, the Group does not have significant foreign currency risk exposure except for the financial liabilities denominated in Chinese Renminbi.

The carrying amounts of the Group's foreign currency denominated monetary liabilities as at the end of the financial year are as follows:

	<u>Liabilities</u>	
	<u>2023</u> \$'000	<u>2022</u> \$'000
Group		
Chinese Renminbi	<u>1,369</u>	<u>1,017</u>

Foreign currency sensitivity analysis

The following table details the sensitivity to a 3% (2022: 3%) increase or decrease in the relevant foreign currency against the functional currency of each Group entity. 3% (2022: 3%) is the sensitivity rate representing management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 3% (2022: 3%) change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where they give rise to an impact on the Group's profit or loss.

If the relevant foreign currency strengthens by 3% (2022: 3%) against the functional currency of each Group entity, profit or loss will increase or (decrease) by:

	<u>Chinese Renminbi impact</u>	
	<u>2023</u> \$'000	<u>2022</u> \$'000
Group		
Profit or loss	<u>(34)</u>	<u>(25)</u>

Equity price risk

The Group is exposed to equity risk arising from equity investments classified as financial assets at fair value through profit or loss.

Further details of these equity investments can be found in Note 18 to the financial statements.

Equity price sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to equity price risks at the end of the financial year.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's interest rate risk relates to fixed deposits and interest-bearing liabilities.

The Group's policy is to maintain an efficient and optimal interest cost structure using a combination of fixed and variable rate debts, and long and short-term borrowings.

The Group's interest rate risk arise primarily from the floating rate borrowings with financial institutions.

At the reporting date, the interest rate profile of the Group's and the Company's significant interest-bearing financial instruments, based on carrying amounts are as below:

	Group	
	2023	2022
	\$'000	\$'000

Market risks (Continued)

Interest rate risk (Continued)

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for bank deposits and interest-bearing financial liabilities at the end of the financial year and the stipulated change taking place at the beginning of the year and held constant throughout the financial year in the case of instruments that have floating rates. A 300-basis points increase or decrease is used and represents management's assessment of the possible change in interest rates.

A change of 300 basis points (bps) in interest rates at the reporting date would have increased/(decreased) profit for the year by the amounts shown below. This analysis assumes that all other variables remain constant.

	<u>Group</u>	
	<u>2023</u> \$'000	<u>2022</u> \$'000
300 bps increase	146	111
300 bps decrease	(146)	(111)

Interest rate benchmark reform and associated risks

In view of the reform of major interest rate benchmarks that is being undertaken globally, the Group monitors and manages its potential transition to alternative rates, as applicable. The Group evaluates the contracts that could be affected, and takes a proactive approach in approaching the relevant counterparties to discuss about and assess the potential impact on the Group.

The Group applied the practical expedient under the Phase 2 amendments to SFRS(I) 9, SFRS(I) 1-39 *Financial Instruments: Recognition and Measurement* and SFRS(I) 7 *Financial Instruments: Disclosures*, which assist entities in applying the Standards when changes are made to contractual cash flows or hedging relationships because of the ongoing reform of inter-bank offered rates ("IBOR") and other interest rate benchmarks (the "reform"), to not consider whether the changes required by the Reform to contractual cash flows of financial instrument measured at amortised cost would result in the derecognition of the financial asset or financial liability. Instead, the Group changes the basis for determining the contractual cash flows prospectively by revising the effective interest rate used. The exception applies only to the extent that the change is required by interest rate benchmark reform when both of these conditions are met:

- a) the change is necessary as a direct consequence of the reform; and
- b) the new basis for determining the contractual cash flows as a result of the reform is economically equivalent to the previous basis.

As of 31 December 2023, in relation to the aforementioned, the Group is mainly exposed to non-derivative financial liabilities in the form of bank borrowings that are indexed to SIBOR. The Group will communicate with the counterparties to discuss the changes required as a result of the reform.

Interest rate benchmark reform and associated risks (Continued)

The following table contains details of the financial instruments that the Group hold as at 31 December 2023 that have cash flows that will be affected by the interest rate benchmark reform as they have not yet transitioned to new benchmark rates.

Financial instruments prior to transition	Financial instrument maturity year	Carrying amount \$'000	Fair value \$'000	Transition progress to new benchmark rates

Non derivative financial instruments				
Term loans	2024 - 2032	3,296	Not applicable	Not transitioned

30 Fair value of assets and liabilities

The carrying amounts of cash and bank balances, trade and other receivables and payables are approximate their respective fair values due to the relative short-term maturity of these financial instruments. The carrying amounts of the bank borrowings and finance lease payables approximate their fair values as they are subjected to floating interest rates and at prevailing market rate respectively.

The fair values of applicable assets and liabilities, are determined and categorised using a fair value hierarchy as follows:

- Level 1 - the fair values of assets and liabilities with standard terms and conditions and which trade in active markets that the Group can access at the measurement date are determined with reference to quoted market prices (unadjusted).
- Level 2 - in the absence of quoted market prices, the fair values of the assets and liabilities are determined using the other observable, either directly or indirectly, inputs such as quoted prices for similar assets/liabilities in active markets or included within Level 1, quoted prices for identical or similar assets/liabilities in non-active markets.
- Level 3 - in the absence of quoted market prices included within Level 1 and observable inputs included within Level 2, the fair values of the remaining assets and liabilities are determined in accordance with generally accepted pricing models.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Other investment - Unquoted equity instrument – at FVTPL

The unquoted equity instrument classified at FVTPL has no fixed maturity date or coupon rate and are denominated in Singapore Dollar. The fair value of this instrument was valued using the income method - discounted cash flows as the management is able to reasonably predict the net cash flows of the project during the contractual period.

The method estimates the present value of the expected future cash flows to be derived from the ownership of the equity instrument. A cost of equity is applied to the projected cash flows in order to determine the present value of the cash flows.

Valuation policies and procedures

The management oversees the Group's financial reporting valuation process and is responsible for setting and documenting the Group's valuation policies and procedures.

It is the Group's policy that, where assessed necessary by the local management, the Group would engage experts to perform significant financial reporting valuations. The management is responsible for selecting and engaging such external experts that possesses the relevant credentials and knowledge on the subject of valuation, valuation methodologies, and SFRS(I) 13 *Fair Value Measurement* guidance.

The management also reviews at least on an annual basis, the appropriateness of the valuation methodologies and assumptions adopted and evaluates the appropriateness and reliability of the inputs (including those developed internally by the Group) used in the valuations.

The analysis and results of the external valuations are then presented to the Board of Directors for approval.

During the financial year, there is no change in the applicable valuation techniques.

31 Capital management policies and objectives

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance except where decisions are made to exit businesses or close companies.

The capital structure of the Group consists of debts, which includes the borrowings and lease liabilities disclosed in Note 20 and Note 21 and equity attributable to owners of the Company, comprising issued capital as disclosed in Note 23.

The Group's management reviews the capital structure on a regularly basis. As part of this review, management considers the cost of capital and the risks associated with each class of capital. Upon review, the Group will balance its overall capital structure through the payment of dividends, new share issues as well as the issue of new debt or the redemption of existing debt. The Group's overall strategy remains unchanged from 2023 and 2022.

Management monitors capital based on a gearing ratio and the gearing ratio is calculated as net debt divided by total equity. Net debt is calculated as borrowings plus trade and other payables and lease liabilities less cash and cash equivalent.

	<u>2023</u>	<u>Group</u>	<u>2022</u>
Net debt (\$'000)	29,085		6,963

6. To transact any other ordinary business which may properly be transacted at an AGM.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

7. **Authority to allot and issue new ordinary shares in the share capital of the Company (“Shares”)**

That pursuant to Section 161 of the Companies Act 1967 of Singapore (“**Act**”) and Rule 806 of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”), the Directors be and hereby authorised and empowered to:

- (a) (i) allot and issue Shares whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”) that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

- (b) (notwithstanding that the authority conferred by this resolution may have ceased to be in force) issue Shares in pursuance of any Instruments made or granted by the Directors while this resolution was in force,

NOTICE OF ANNUAL GENERAL MEETING

provided that:

- (1) the aggregate number of Shares (including Shares to be issued in pursuance of the Instruments, made or granted pursuant to this resolution), to be issued pursuant to this resolution shall not exceed one hundred per centum (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares to be issued other than on a *pro-rata* basis to existing shareholders of the Company ("**Shareholders**") shall not exceed fifty per centum (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the percentage of total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time of the passing of this resolution, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of any Instruments or any convertible securities;
 - (b) new Shares arising from exercising of share options or vesting of share awards; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;
- (3) in exercising the authority conferred by this resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), all applicable legal requirements under the Act and the Constitution for the time being; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earliest.

(See Explanatory Note 3)

(Resolution 6)

8. **Renewal of the General Mandate for Interested Person Transactions**

That for the purposes of Chapter 9 of the Catalist Rules:

- (a) approval be and is hereby given for the renewal of the general mandate permitting the Company, its subsidiaries and associated companies to enter into any of the transactions falling within the categories of interested person transactions ("**Mandated Transactions**") as set out in the appendix ("**Appendix**") to this notice of AGM ("**Notice**") with any party who is of the class of interested persons described in the Appendix, provided that such Mandated Transactions are carried out on normal commercial terms which are not prejudicial to the interests of the Company and its minority Shareholders and are in accordance with the review procedures for such Mandated Transactions as set out in the Appendix ("**IPT General Mandate**");
- (b) the IPT General Mandate shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier; and
- (c) authority be given to the Directors to complete and do all such acts and things (including executing all such documents as may be required) as they may consider necessary, desirable or expedient to give effect to the IPT General Mandate as they may think fit.

(See Explanatory Note 4)

(Resolution 7)

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (1) Mr. Richard Ong will, upon re-election as a Director, remain as a Non-Executive Director and the Lead Independent Director of the Company, the Chairman of the nominating committee (“**NC**”), and a member of the audit committee (“**AC**”) and the remuneration committee (“**RC**”) of the Company. The board of Directors considers Mr. Richard Ong to be independent for the purpose of Rule 704(7) of the Catalist Rules. Pursuant to Rule 720(5) of the Catalist Rules, further information on Mr. Richard Ong is set out on pages 116 to 120 of the Company’s annual report for FY2023 (“**FY2023 Annual Report**”).
- (2) Mr. Chan Jer Hiang will, upon re-election as a Director, remain as an Independent Non-Executive Director, the Chairman of the RC, and a member of the AC and the NC. The board of Directors considers Mr. Chan Jer Hiang to be independent for the purpose of Rule 704(7) of the Catalist Rules. Pursuant to Rule 720(5) of the Catalist Rules, further information on Mr. Chan Jer Hiang is set out on pages 116 to 120 of the FY2023 Annual Report.
- (3) Ordinary Resolution 6 in item 7 above, if passed, will empower the Directors, effective until the conclusion of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is earliest, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, one hundred per centum (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holding), of which up to fifty per centum (50%) may be issued other than on a pro-rata basis to Shareholders.

For determining the aggregate number of Shares that may be issued, the total number of issued Shares (excluding treasury shares and subsidiary holding) will be calculated based on the total number of issued Shares (excluding treasury shares and subsidiary holding) at the time this resolution is passed after adjusting for new Shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this resolution is passed and any subsequent bonus issue, consolidation or subdivision of Shares.

- (4) Ordinary Resolution 7 in item 8 above, if passed, will authorise the Mandated Transactions as described in the Appendix and recurring in the year and will empower the Directors to do all acts necessary to give effect to the IPT General Mandate. This authority will, unless revoked or varied by the Company in a general meeting, expire at the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier. Further information in relation to the proposed renewal of the IPT General Mandate is set out in the Appendix.

Printed copies of this Notice and the proxy form have been despatched to Members.** However, printed copies of the FY2023 Annual Report will NOT be sent to Members unless Members have elected to receive physical copies via the request form **“How to Access the FY2023 Annual Report: Request For Printed Copy”** which have been despatched to Members. The FY2023 Annual Report will also be made available on SGXNET at <https://www.sgx.com/securities/company-announcements> and the Company’s website at <https://alpinaholdings.com.sg/>.
2. Please bring along your NRIC/passport to enable the Company to verify your identity. Members are requested to arrive early to facilitate the registration process. Members are advised not to attend the AGM if they are feeling unwell and to consider instead appointing a proxy/proxies to attend the AGM. Investors who hold Shares through relevant intermediaries as defined in Section 181 of the Act, including Central Provident Fund (“CPF”) Investment Scheme investors (“CPF Investors”) and Supplementary Retirement Scheme (“SRS”) investors (“SRS Investors”), and who wish to participate in the AGM should approach their respective CPF Agent Banks or SRS Operators at least seven (7) working days before the AGM (i.e. by 5.00 p.m. on Wednesday, 17 April 2024) for the relevant agents to make arrangements for such investors to participate in the AGM.

VOTING BY PROXY

3. A Member who wishes to appoint a proxy/proxies to attend, speak and vote at the AGM on his/her/its behalf should complete, sign and return the instrument of proxy in accordance with the instructions printed thereon. The proxy must bring along his/her NRIC/passport to enable the Company to verify his/her identity.
4. A proxy need not be a Member.
5. In relation to the appointment of proxy/proxies to attend, speak and vote on his/her/its behalf at the AGM, a Member (whether individual or corporate) appointing his/her/its proxy/proxies should give specific instructions as to his/her/its manner of voting, or abstentions from voting, in respect of a resolution in the instrument of proxy. If no specific instruction as to voting is given, or in the event of any other matter arising at the AGM and at any adjournment thereof, the proxy/proxies will vote or abstain from voting at his/her/their discretion.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal, executed as a deed in accordance with the Act or under the hand of an attorney or an officer duly authorised, or in some other manner approved by the Directors. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument of proxy.
7. The instrument appointing the proxy, together with the letter or power of attorney or other authority under which it is signed or a duly certified copy thereof (if applicable), must be submitted in one of the following manners:
 - (i) if sent personally or by post, be deposited at the registered office of the Company at 54 Senoko Road, Woodlands East Industrial Estate, Singapore 758118; or
 - (ii) if by email, be sent to enquiry@alpinaholdings.com.sg,

in any case, by 10.00 a.m. on Friday, 26 April 2024, being not less than seventy-two (72) hours before the AGM.

Members are strongly encouraged to submit completed proxy forms electronically via email.

A Member can appoint the Chairman of the AGM as his/her/its proxy, but this is not mandatory. A proxy may cast undirected proxy votes as he/she deems fit.

8. (a) A Member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such Member appoints two (2) proxies, he/she should specify the proportion of his/her shareholding (expressed as a percentage of the whole) to be presented by each proxy in the instrument appointing a proxy or proxies.

NOTICE OF ANNUAL GENERAL MEETING

- (b) A Member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such Member. Where such Member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies.

“**Relevant intermediary**” has the meaning ascribed to it in Section 181 of the Act.

9. Investors who hold Shares through relevant intermediaries, including CPF Investors and SRS Investors, and who wish for their votes to be cast at the AGM should contact their respective CPF Agent Banks or SRS Operators so that the necessary arrangements can be made by the relevant agents: (a) to appoint the Chairman of the AGM as proxy at the AGM, in which case the investor shall be precluded from attending the AGM personally; or (b) where the CPF Investor or SRS Investor wishes to personally attend and cast their vote at the AGM, to appoint the CPF Investor or SRS Investor as proxy. CPF/SRS Investors should approach their respective CPF Agent Banks or SRS Operators at least seven (7) working days before the AGM (i.e. by 5.00 p.m. on Wednesday, 17 April 2024) to ensure that their votes will be submitted.
10. The Company shall be entitled to reject the instrument appointing a proxy/proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument.

SUBMISSION OF QUESTIONS PRIOR TO THE AGM

Members are invited to ask questions relating to the resolutions to be tabled at the AGM during the AGM. Members may also submit their questions in advance of the AGM. **We strongly encourage Members to submit questions in advance of the AGM to ensure that sufficient time may be dedicated to answering their questions.**

To submit questions in advance of the AGM, Members may submit their questions by email to enquiry@alpinaholdings.com.sg. The Company shall address relevant and substantial questions received and publish the minutes of the AGM on SGXNet and the Company's website within one (1) month after the date of the AGM. Where there are substantially similar questions, the Company will consolidate such questions; and consequently, not all questions may be individually addressed.

When submitting questions, Members or their corporate representative must state his/her full name, and whether he/she is a Member or a corporate representative of a corporate Member (and in the latter case, the name of the corporate Member), the Member's identification or registration number, and the manner in which his/her/its shares in the Company are held (e.g. via a Central Depository Account (CDP), CPF and/or SRS), failing which the Company shall be entitled to regard the submission as invalid and not address the questions submitted.

PERSONAL DATA PRIVACY

By (a) submitting an instrument appointing a proxy/proxies and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, and/or (b) submitting any question prior to the AGM in accordance with this Notice, a Member consents to the collection, use and disclosure of the Member's personal data by the Company (or its agents or service providers) for the following purposes:

- (i) the processing and administration by the Company (or its agents or service providers) of proxy forms appointing the Chairman of the AGM as a proxy for the AGM (including any adjournment thereof);
- (ii) addressing relevant and substantial questions from Members and if necessary, following up with the relevant Members in relation to such questions;
- (iii) the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the AGM (including any adjournment thereof); and
- (iv) enabling the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines.

A Member also warrants that where the Member discloses the personal data of the Member's proxy/proxies and/or representative(s) to the Company (or its agents or service providers), the Member has obtained the prior consent of such proxy/proxies and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy/proxies and/or representative(s) for the above purposes.

A Member agrees that the Member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the Member's breach of the warranties in this section.

Notes:

1. A member of the Company ("**Member**") who wishes to appoint a proxy/proxies to attend, speak and vote at the AGM on his/her/its behalf should complete, sign and return the instrument of proxy in accordance with the instructions printed thereon.
2. A proxy need not be a Member. The proxy must bring along his/her NRIC/passport when attending the AGM so as to enable the Company to verify his/her identity.
3. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy/proxies shall be deemed to relate to all the Shares held by you.
4. In relation to the appointment of a proxy/proxies to attend, speak and vote on his/her/its behalf at the AGM, a Member (whether individual or corporate) appointing his/her/its proxy/proxies should give specific instructions as to his/her/its manner of voting, or abstentions from voting, in respect of a resolution in the instrument of proxy. If no specific instructions as to voting are given, or in the event of any other matter arising at the AGM and at any adjournment thereof, the proxy/proxies will vote or abstain from voting at his/her/their discretion. A Member can appoint the Chairman of the AGM as his/her/its proxy, but this is not mandatory.
5. The instrument appointing a proxy/proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal, executed as a deed in accordance with the Companies Act 1967 of Singapore or under the hand of an attorney or an officer duly authorised, or in some other manner approved by the Directors. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument of proxy.
6. The instrument appointing a proxy/proxies, together with the any other documents required under Note 5 above, must be:
 - (a) if sent personally or by post, the proxy form must be deposited at the registered office of the Company at **54 Senoko Road, Woodlands East Industrial Estate, Singapore 758118**; or
 - (b) if by email, the proxy form must be sent to enquiry@alpinaholdings.com.sg,

in any case, by **10.00 a.m. on Friday, 26 April 2024**, being not less than seventy-two (72) hours before the AGM, failing which the Company shall be entitled to regard the instrument of proxy as invalid.

Members are strongly encouraged to submit completed proxy forms electronically via email.

7.
 - (a) A Member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such Member appoints two (2) proxies, he/she should specify the proportion of his/her shareholding (expressed as a percentage of the whole) to be presented by each proxy in the instrument appointing a proxy or proxies.
 - (b) A Member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such Member. Where such Member appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies.

"**Relevant intermediary**" has the meaning ascribed to it in Section 181 of the Companies Act 1967 of Singapore.

8. The Company shall be entitled to reject the instrument appointing a proxy/proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies, save that where the only irregularity in the instrument is that the appointer has not specified how the proxy shall vote in respect to any resolution(s), the proxy may vote as he/she thinks fit. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the appointer is not shown to have Shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy: By submitting an instrument appointing a proxy(ies) and/or representative(s), the Shareholder accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 12 April 2024.

12 April 2024

Dear Sir/Madam,

PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

1. INTRODUCTION

We refer to the Notice of AGM dated 12 April 2024 in respect of the forthcoming AGM to be held at 54 Senoko Road, Woodlands East Industrial Estate, Singapore 758118, on 29 April 2024 at 10.00 a.m.. Resolution 7 as set out under the heading "Special Business" in the Notice of AGM is an ordinary resolution for the proposed renewal of the IPT General Mandate.

The Company had, at the annual general meeting held on 27 April 2023, obtained the approval of Shareholders for the renewal of the IPT General Mandate.

The IPT General Mandate will expire at the forthcoming AGM unless it is renewed by Shareholders. Accordingly, the Company intends to seek a renewal of the IPT General Mandate at the forthcoming AGM. If approval is obtained from Shareholders at the forthcoming AGM, the IPT General Mandate will be renewed with effect from the date of the passing of the ordinary resolution in relation to the proposed renewal of the IPT General Mandate, and will (unless revoked or varied by the Company in a general meeting) continue to be in force until the date on which the next annual general meeting is held or is required by law to be held, whichever is earlier. Thereafter, the Company will seek the approval of the Independent Shareholders for a renewal of the IPT General Mandate at each subsequent annual general meeting or the date by which the next annual general meeting of the Company is required by law to be held, subject to satisfactory review by the Audit Committee of its continued application to the transactions with the Mandated Interested Person.

The purpose of this Appendix is to provide Shareholders with information relating to, and explaining the rationale for, the proposed renewal of the IPT General Mandate, and to seek Shareholders' approval for the ordinary resolution in relation to the proposed renewal of the IPT General Mandate at the forthcoming AGM.

APPENDIX IN RELATION TO THE PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

DATED 12 APRIL 2024

2. PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

2.1 Name of the Mandated Interested Person

The IPT General Mandate applies to the Mandated Transactions that are carried out between any Entity at Risk and Accentury (“**Mandated Interested Person**”).

Accentury is an exempt private company limited by shares incorporated in Singapore on 3 April 2008, engaged in the trading of electric components and lighting equipment. Its shareholders are Ms. Pow Pei San (Ms. Bao Peishan) and Ms. Cheng Chew Hun, who are the spouses of Mr. Low Siong Yong and Mr. Tai Yoon On, and who hold 55.0% and 45.0% of the issued and paid-up shares of Accentury, on trust for Mr. Low Siong Yong and Mr. Tai Yoon On respectively. Mr. Low Siong Yong and Mr. Tai Yoon On are Directors and Controlling Shareholders, and accordingly, Accentury is deemed to be an Interested Person and transactions between the Group and Accentury are deemed Interested Person Transactions.

2.2 Categories of Mandated Transactions

From time to time, the EAR Group purchases electrical components, lighting equipment and related spare parts from the Mandated Interested Person for its business (the “**Mandated Transactions**”). The Mandated Transactions relate to the provision to, or obtaining from, the Mandated Interested Persons of products and services in the ordinary course of business of the EAR Group or which are necessary for the EAR Group’s day-to-day operations, but not in respect of the purchase or sale of assets, undertakings or businesses.

Transactions between the Mandated Interested Person and the EAR Group which do not fall within the ambit of the Mandated Transactions shall be subject to the relevant provisions of Chapter 9 of the Catalist Rules and such guidelines as set out in the section entitled “Interested Person Transactions – Guidelines and Review Procedures for Future Interested Person Transactions” of the Offer Document.

2.3 Rationale for and benefits of the IPT General Mandate

Given the nature of the Group’s business, the Group envisages that the Mandated Transactions are likely to occur from time to time, in the ordinary course of business. In view of the time-sensitive and recurrent nature of the Mandated Transactions, it would be advantageous for the Group to renew the IPT General Mandate to enable the EAR Group to enter into the Mandated Transactions, provided that the Mandated Transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders. The IPT General Mandate will allow the Group to purchase electrical components, lighting equipment and related spare parts that meet its requirements and specifications from a trusted and established supplier, thereby ensuring the sustainability of its operations.

The IPT General Mandate and its subsequent renewal on an annual basis would eliminate the need to announce, and convene separate general meetings from time to time to seek Independent Shareholders’ approval, thereby easing administrative and financial costs, without compromising the EAR Group’s business activities.

The IPT General Mandate is intended to facilitate transactions in the ordinary course of business of the EAR Group which are transacted from time to time with the Mandated Interested Person, provided that they are carried out on arm’s length basis and are on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

APPENDIX IN RELATION TO THE PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

DATED 12 APRIL 2024

2.4 Requirements under Chapter 9 of the Catalist Rules

Chapter 9 of the Catalist Rules governs transactions in which a listed company or any of its subsidiaries or associated companies (each known as an “entity at risk” within the meaning of Chapter 9 of the Catalist Rules) enters into or proposes to enter into with a party who is an interested person of the listed company. The purpose is to guard against the risk that such interested persons could influence a listed company, its subsidiaries or associated companies to enter into transactions with interested persons that may adversely affect the interests of the listed company or its shareholders.

An immediate announcement and/or shareholders’ approval would be required in respect of transactions with interested persons if the value of the transaction is equal to or exceeds certain financial thresholds.

In particular, an immediate announcement is required where:

- (a) the value of an interested person transaction is equal to, or more than, 3.0% of the listed group’s latest audited NTA; or
- (b) the transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, amounts to 3.0% or more of the listed group’s latest audited NTA.

In addition to an immediate announcement, shareholders’ approval is required for an interested person transaction of a value equal to, or exceeding:

- (a) 5.0% of the listed group’s latest audited NTA; or
- (b) 5.0% of the listed group’s latest audited NTA, when aggregated with the values of other transactions entered into with the same interested person during the same financial year. However, a transaction which has been approved by shareholders, or is the subject of aggregation with another transaction that has been approved by shareholders, need not be included in any subsequent aggregation.

The above requirements for immediate announcement and/or for shareholders’ approval do not apply to any transaction below S\$100,000 and certain transactions listed under Rules 915 and 916 of the Catalist Rules. However, while transactions below S\$100,000 are not normally aggregated, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one transaction.

Rule 920 of the Catalist Rules allows a listed company to seek a general mandate from its shareholders for recurrent transactions with interested persons where such transactions are of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials, but not in respect of the purchase or sale of assets, undertakings or businesses. A general mandate granted by shareholders is subject to annual renewal.

2.5 Guidelines and procedures under the IPT General Mandate

The Audit Committee will review and approve all Interested Person Transactions to ensure that they are on normal commercial terms and on arm’s length basis, that is, the transactions are transacted in terms and prices not more favourable to the Interested Persons than if they were transacted with a third party and are not prejudicial to the interests of the Company and its minority Shareholders in any way.

APPENDIX IN RELATION TO THE PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

DATED 12 APRIL 2024

To ensure that the Mandated Transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Company or its minority Shareholders, the following procedures have been implemented by the Group under the IPT General Mandate:

- a. All Mandated Transactions shall be conducted in accordance with the Group's usual business practices and policies, at the prevailing market rates or prices, and on terms which are no less favourable to the Group as compared to the terms extended by unrelated third-parties (including, where applicable, preferential rates, prices, commissions or discounts accorded to customers or purchasers who have a long-term contract with the Group) or otherwise in accordance with applicable industry norms.
- b. For each transaction with the Mandated Interested Person for purchase of electrical components, lighting equipment and related spare parts, the purchasing department will obtain at least two (2) quotations from unrelated third-party suppliers for comparison. The Group will only purchase from the Mandated Interested Person if the terms offered by the Mandated Interested Person are the same or more favourable than the terms offered by such unrelated third-party suppliers and taking into account other pertinent factors such as the discount offered by the Mandated Interested Person compared to the unrelated third-party suppliers, the size of the order, the quality of the electrical components, lighting equipment and related spare parts, credit terms, track record and reliability of the counterparty and delivery logistics.
- c. Where it is impracticable or not possible for quotations to be obtained from unrelated third party vendors, the price and commercial terms offered by the Mandated Interested Person will be compared to those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties. The review procedures in such cases may include, where applicable, reviewing the standard price lists provided by the Mandated Interested Person to its customers for such products and be based on the commercial merits of the transaction.

In the event that it is impractical or impossible to compare the price and commercial terms with those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties, the CFO and the Independent Directors, if each of them has no interest in the transaction, or failing which, the Audit Committee, in accordance with our usual business practices and policies will, subject to the approval thresholds set out below, determine whether the price and terms offered as the case may be, are fair and reasonable. In determining the transaction price payable to the Mandated Interested Person for such products and/or services, factors such as, but not limited to, quality, quantity, requirements and specifications will be taken into account.

2.6 Approval threshold(s) for Mandated Transactions with the Mandated Interested Person

The approval thresholds for each Mandated Transaction are as follows:

Value of Mandated Transaction	Approval Authority
Below 3.0% of the latest audited NTA of the Group	CFO
Equal or exceeds 3.0% of the latest audited NTA of the Group	CFO and Audit Committee

In the review of the Mandated Transactions, the Independent Director may at his/her discretion obtain independent advice. If any of the approval authority has an interest in a Mandated Transaction, he/she will abstain from any review, deliberation or decision making in respect of that Mandated Transaction.

APPENDIX IN RELATION TO THE PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

DATED 12 APRIL 2024

2.7 Additional review procedures for Interested Person Transactions

The Group will also implement the following procedures for the identification of Interested Persons and the record keeping of all Interested Person Transactions:

- (a) the Group's finance team will maintain a list of Interested Persons and their Associates (which is to be updated immediately if there are any changes) to enable identification of the Interested Persons. The list shall be reviewed on a quarterly basis by the CFO and subject to such verifications or declarations as required by the Audit Committee for such period as determined by them. This list shall be disseminated to all relevant staff for identification of Interested Person Transaction on a timely basis;
- (b) the Company will maintain a register of Interested Person Transactions, including the Mandated Transactions ("**IPT Register**"). The IPT Register will also record any Interested Person Transaction that are below S\$100,000 in value, although such transactions are not required to be aggregated under Chapter 9 of the Catalist Rules. The CFO shall review the IPT Register on a quarterly basis;
- (c) all documents related to the Mandated Transactions will be filed in a separate file ("**IPT Mandate File**") for ease of tracking and monitoring. The IPT Mandate File will contain all forms and checklists in relation to the Mandated Transactions. The IPT Mandate File will also contain invoices and payment vouchers in relation to the Mandated Transactions. The CFO will review the IPT Mandate File on a monthly basis;
- (d) the Audit Committee shall review the IPT Register and the IPT Mandate File on a half-yearly basis (or on such other frequency as the Audit Committee may deem necessary) to ascertain that the established review procedures to monitor the Mandated Transactions have been complied with. Such review includes the examination of the transactions and its supporting documents or such other data deemed necessary by the Audit Committee. The Audit Committee may request for additional information pertaining to the transactions under review from independent sources, advisers or valuers as it deems fit;
- (e) the Group's internal auditors will, on an annual basis, review the IPT Mandate File to ascertain that the guidelines and procedures established for the Mandated Interested Person Transactions have been adhered to. Any discrepancies or significant variances from the Group's usual business practices and pricing policies will be highlighted to the Audit Committee;
- (f) if pursuant to the relevant reviews, the Audit Committee is of the view that the established review procedures as stated above have become inappropriate or insufficient in view of changes to the nature of, or the manner in which, the business activities of the Company are conducted, it will take such actions as it deems appropriate and/or institute additional procedures as necessary (such as, where relevant, to seek a fresh Shareholders' general mandate for the Mandated Transactions) to ensure that the Mandated Transactions will be conducted on arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders; and
- (g) disclosure will be made in the interim announcements and the annual report of the Company in respect of the Mandated Transactions in accordance with Chapter 9 of the Catalist Rules.

APPENDIX IN RELATION TO THE PROPOSED RENEWAL OF THE IPT GENERAL MANDATE

DATED 12 APRIL 2024

3. DISCLOSURE IN FINANCIAL RESULTS ANNOUNCEMENTS AND ANNUAL REPORTS

The Company will announce the aggregate value of transactions conducted with the Mandated Interested Person pursuant to the IPT General Mandate for the relevant financial periods which the Company is required to report on pursuant to the Catalist Rules and within the timeframe required for such announcements.

Disclosure will also be made in the Company's annual report of the aggregate value of transactions conducted with the Mandated Interested Person(s) pursuant to the IPT General Mandate during the financial year, and in the annual reports for subsequent financial years that the IPT General Mandate continues in force, in accordance with the requirements of Chapter 9 of the Catalist Rules.

The name of the Interested Person, nature of relationship and the corresponding aggregate value of the transactions with the Interested Person will be presented in the following format (or in such other form as the Catalist Rules may require from time to time):

Name of Interested Person	Nature of relationship	Aggregate value of all interested person transactions during the financial year/ period under review (excluding transactions less than S\$100,000 and transactions conducted under the Shareholders' general mandate pursuant to Rule 920 of the Catalist Rules)	Aggregate value of all interested person transactions conducted under the Shareholders' general mandate pursuant to Rule 920 of the Catalist Rules during the financial year/period under review (excluding transactions less than S\$100,000)

4. AUDIT COMMITTEE'S STATEMENT

The Audit Committee (currently comprising Mr. Marcus Woon, Mr. Chan Jer Hiang and Mr. Ong Beng Chye) has reviewed the terms of the IPT General Mandate and confirms that the method and procedures for determining the transaction prices of the Mandated Transactions under the IPT General Mandate have not changed since the IPT General Mandate was approved by Shareholders for renewal at the annual general meeting of the Company held on 27 April 2023 and that such methods and procedures, if adhered to, are sufficient to ensure that the Mandated Transactions with the Mandated Interested Person will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

5. INDEPENDENT DIRECTORS' RECOMMENDATION

Having fully considered, *inter alia*, the terms, rationale and benefits of the IPT General Mandate, the review procedures for the Mandated Transactions and the statement of the Audit Committee as set out in this Appendix, the Independent Directors are of the opinion that the proposed renewal of the IPT General Mandate is in the best interests of the Company and its Shareholders, and therefore recommend that Shareholders vote in favour of the ordinary resolution in relation to the proposed renewal of the IPT General Mandate at the forthcoming AGM.

7. ABSTENTION FROM VOTING

In accordance with Rule 920(1)(b)(viii) of the Catalist Rules, Interested Persons who have an interest in the IPT General Mandate and their Associates shall abstain from voting on the ordinary resolution in relation to the proposed renewal of the IPT General Mandate at the forthcoming AGM. Furthermore, such Interested Persons shall not act as proxies in relation to such resolution unless voting instructions have been given by the appointing Shareholder.

In view of the above, Mr. Low Siong Yong, the Executive Chairman and Chief Executive Officer of the Company and a Controlling Shareholder, and Mr. Tai Yoon On, the Executive Director of the Company and a Controlling Shareholder, will abstain, and have undertaken to ensure that their respective Associates will abstain, from voting on the ordinary resolution in relation to the proposed renewal of the IPT General Mandate at the forthcoming AGM, and the Company will disregard any votes cast on the resolution by such persons. They shall also not act as proxies in relation to such resolution unless specific voting instructions have been given by the appointing Shareholder.

Saved as disclosed in this Appendix, none of the Directors or Substantial Shareholders has any interest, direct or indirect, in the proposed renewal of the IPT General Mandate, other than through their respective shareholdings in the Company.
